

guest farm CORONA

Corona Guest Farm

Region: Khomas - Gamsberg Pass

Category: Guest Farm

Rooms: 6 Double Rooms, 3 Family Rooms

Website: <http://www.coronaguestfarm.com/>

OVERVIEW

Corona Guest Farm greets Guests with an awesome vista. Vast desert plains and unusually beautiful, barren, stone-clad veldt; mountains shimmering in the noon-day sun, their diverse colours glinting. Then there's the Rantberg range, the extraordinarily light Witberg range and of course, the colossal table-top Gamsberg itself, showing off its mighty 2,347 metres to impressive effect. A mesmerising scene, surely as brilliant and harsh as the Namib at its best – what a spectacular welcome!

We pride ourselves on our renowned cuisine, catering for all and sundry - without neglecting vegetarians - and on treating every Guest as one of us, which we believe and hope will impress you as well.

We have been able to trace the history of Corona as far back as the turn of last century. Two old wells, found in a riverbed, as well as old ox-wagon trails passing Rooi Huis, support the theory that one of the transport routes leading from the coast of the Namibian Hinterland went past Corona and Picadilly before "winding" up the Gamsberg Pass.

The garden creates a safe haven for many various bird species, making it a "bird spotter" paradise. With all the breath-taking landscapes surrounding us, Corona is a photographer's dream destination!

Experience the 'Jewel of the Gamsberg' at one of Namibia's most beautiful guest farms. Our fairly traditional Namibian guest farm, is set in amazing mountain scenery overlooked by the imposing 'Gamsberg' - one of Namibia's highest mountains. Whether adventurer or connoisseur, here your dream holiday becomes reality. Let the tranquil surroundings, stunning views and renowned cuisine transform your imagination and ...

RESERVATION DESTINATION

“... give your soul a break”

ACCOMMODATION AND FACILITIES

3 Family Rooms with ceiling fan and small fridge, each with its own unique bathroom. The three rooms are decorated in striking and unique animal related styles.

6 Well Appointed Double Rooms, with ceiling fan and small fridge, each with its own bathroom

Several Verandas where you can relax and read a book

Cool Residents' Lounges and a small **Bar**

Lush Garden with a Sparkling Pool in the Namibian sunshine. Those who prefer not to swim may relax around the pool sunbathing or lounging in the shade.

All these facilities create an ideal ambience for those needing to get away from it all and wanting to relax in the true sense of the word.

ACTIVITIES

Scenic Drives: taking you through the contrasting landscapes with a possible sightings of game such as Kudu, Oryx, Springbok, Warthog, Steenbok, Klipspringer and the rare Mountain Zebra.

Our Marked Hiking Trails, allow you to discover for yourself the rich variety of flora and fauna unique to this area.

Quiver Trees: You can visit one of the finest collections of Quiver trees on the farm grounds by foot and observe this unique desert plant endemic to Namibia and North Western part of South Africa.

Bird Life: is plentiful and spectacular - excellent opportunities to sight many interesting species.

Visit Kuiseb Canyon - spectacular but largely unexplored, where two Germans geologist hid during World War II to avoid incarceration. Permit must be obtained from a Nature Conservation Office before visiting.

Bushman Paintings: Visit ancient bushman rock art from the stone age that hold the most significance illustration display of the native flora and fauna, as well as the rich history of the region at the Gamsberg water point.

After dark, take time to contemplate the eternal splendour of the starlit African sky far above Corona.

Directions

From Windhoek: take the western exit road [Namib Naukluft National Park] C26. After 36 km, turn left on to the C26 [Walvis Bay via Gamsberg Pass] for a further 130 km; continue on the C26 down the Gamsberg Pass. Just past the Farm Rooisand, turn left on to the D1438 and travel for another 18 km, and you have reached CORONA.

From Walvis Bay: follow the C14 for approximately 173 km. Then turn left on to the C26 [Windhoek via Gamsberg Pass]. Travel another 30 km and turn right on to the D1438. From there you travel another 18 km, and you have reached CORONA.

From Solitaire: on the C14, turn right at the C26 junction [Windhoek via Gamsberg Pass]. Travel another 30 km and turn right on to the D1438. From there you travel another 18 km, and you have reached CORONA.

Note: All roads are gravel. Remember to carry sufficient fuel for 500 km. There are no filling stations on the way. By Private Plane: Private landing strip near the house.
