TURNER SPRINGS

This particular camp is located 17km from Seronera HQ / Airstrip, and lies right in the heart of central Serengeti. The spectacular and secluded location of this camp boasts all year round game which choose to graze around the camp due to its lagoon type contoured landscape, where the camp is surrounded on three sides by water catchments. There are also large acacia trees spread sparingly across the camp which adds on to create a tranquil feel of the camp and also helps provide natural shading assisting to keep cool the tents during the hot summer months.

The Northern side of the camp overlooks the vast and beautiful Serengeti plains with visibility of the Kopjes Hills which are the preferred surroundings for the large prides of resident lions, who don't have to go through much effort to find their prey due to the game always found around the water catchments surrounding the camp.

Another unique feature this camp site offers is the passing of the migration right through the Camp which adds on to the excitement of being able to see the wild life through the comfort of sitting in your plush rooms or the guest areas.

The guest facilities have been thoughtfully placed where one can also enjoy a spa session after a strenuous day on safari.

The Ole Serai Luxury Camp – Turner Springs consists of 20 Luxury Guest Tents that are set out and specially designed with maximum guest privacy in mind. It's unique tent designs will be able to offer in excess of 180 degree of clear views from ones bed, creating a feeling of the tent room being out in the open, whilst still providing a sense of privacy, security and comfort to the guests. The camp boasts fine dining experiences, luxurious and comfortable beddings and furnishings, personalized and butler services if required, apart from a wide range of extensive features.
