

**Discover
Roving
Bushtops**

We've created the most luxurious safari tent in the world. Our mobile safari tent (MST) was designed to rove through the wilderness. The MST has 3 configurations:

Accommodation mode which boasts 100 square meters of wooden decking, a hot tub, a king sized bed with space for an extra single bed (or up to three singles), shower and flushing toilet. The carbon footprint is zero. The Rover is totally solar powered. Container mode allows us to stow the wheels and trailer arm and ship it anywhere in the world. Our towing

EACH OF OUR TENTS ARE PACKED INTO AN EXTRAORDINARY, UTTERLY UNIQUE MOBILE UNIT WE CALL THE ROVER (HENCE THE NAME ROVING BUSHTOPS).

We conceived, designed and created the 'box with wheels' format ourselves, introducing something genuinely innovative to African safaris, and indeed the world.

Having been towed to its location, each Rover 'folds out' to present a fully-functional ultra-luxury tent, a king-size bed (or up to three singles), a hot tub, flushing toilet and 100 square metre deck. A team of six can convert the Rover module into a fully-functioning luxury tent in just a few hours.

Hi-tech lightweight solar panels (derived from yacht technology) provide constant power for lighting, hair dryers, a mini fridge and recharging devices (we use a backup generator in the highly unlikely case of there being no sunshine). Fresh water is stored in pressurised aluminium tanks and

ACCOMMODATION MODE

- 100 square meters of living space
- Aluminium 2500 litre fresh water storage tanks are built into the chassis structure with 24 volt pressure pump
- Hot water is supplied through Helio solar water systems
- Jabsco marine flushing WC with low water usage is connected to black water tank
- Power supply: 4 pc. 120 watt flexible lightweight solar panels provide power to 4 maintenance free batteries. A victron inverter converts 24 volt DC to 240 volt AC 50 hc.

TOWING MODE

- This configuration allows the MST (Mobile Safari Tent) to be towed with a suitable vehicle on any standard road and due to the soft suspension it also has off road capability.
- The trailer arm is folded down from its storage and locked into place with support brackets. Electric brakes on the rear wheels with an electric controller give a safe ride in most conditions.
- LOA 8 meter
- Width 2.44 meter
- Height 3.751 meter

CONTAINER MODE

- This is for transporting the MST on a flat bed or standard container truck trailer. The bath deck and trailer arm and rear deck fold and lock up inside. The main decks fold and lock onto the right hand side.
- LOA 6 meter
- With 2.44 metert
- Height 3.5 meter
- Standard container lock feet
- The structure allows for hoisting with spreader bar only.

WHAT MAKES ROVING BUSHTOPS PARTICULARLY SPECIAL IS THE FACT THAT EVERY TENT HAS ITS OWN PRIVATE VEHICLE, GIVING GUESTS PRIVACY AND TOTAL CONTROL OF WHERE AND WHEN THEY WANT TO HEAD OUT ON SAFARI WITH AN EXPERT GUIDE AND SPOTTER.

ROVING BUSHTOPS' CENTRAL MESS TENT SERVES SUPERB BREAKFASTS, LUNCHESES AND DINNERS, PROVIDING A HAVEN OF SUMPTUOUS CUISINE, SET AGAINST THE COMPELLING BEAUTY OF THE SERENGETI.

GLORIOUS COMFORT EXTENDS TO YOUR EN-SUITE BATHROOM,
EQUIPPED WITH FLUSHING TOILET, BATH, VANITY BASIN AND SHOWER.

You will wonder whether there is anywhere else on earth that you'd rather be; you can jump to your feet to explore more than a hundred square meters of luxurious wooden decking, featuring a sunken bath tub, sun loungers and dining table, ideal should you want to enjoy a meal in privacy.

Family tent

BECAUSE THE TENTS ARE ON WHEELS, THEY CAN BE COMBINED TO CREATE A FAMILY TENT.

Family tent

YOUR BAR. YOUR BASE. YOUR HAVEN.
HOME AWAY FROM HOME IN THE HEART OF THE SERENGETI.

YOU MIGHT IMAGINE THAT BEING IN THE HEART OF THE BUSH
MAKES
IT IMPOSSIBLE TO ADD HAUTE CUISINE. IF SO, DO THINK AGAIN!

PICTURE THE SCENE.

A private bush lunch. An open vista before you.

It may be one of your life's most enjoyable, unforgettable experiences.

STARRY NIGHTS IN THE SERENGETI. ONE OF THE MOST MAGICAL MOMENTS IN THE BUSH.
