

ZARAFSA CAMP

SELINDA RESERVE | NORTHERN BOTSWANA

GREAT PLAINS

CONSERVING AND EXPANDING NATURAL HABITATS

ESTABLISHED IN 1991

With its four well-appointed tented suites, Zarafa Camp is an intimate camp located on the private 130,000-hectare Selinda Reserve in northern Botswana, an area linking the Okavango Delta and the Chobe/ Savute corridors.

Few camps rival the location of this little gem, which together with Duba Plains and Selinda Camps, is one of only three Relais & Chateaux properties in Botswana. Overlooking the crystal waters of Zibadianja Lagoon, the source of the famous Savute Channel, every area of camp has a magnificent view. The lagoon is also the water source for a tremendous population of wildlife – dry season sightings boast buffalo and elephant by the hundreds.

This exquisite camp is the brainchild of the founders of Great Plains Conservation, who pooled their collective experience on safari to create what they deemed to be the best and most environmentally innovative camp. Only recycled hardwoods and canvas were used in the construction and all the camp's electricity comes from its solar farm while 'bio gas' plants recycle waste into usable cooking gas. Zarafa Camp has no equal in terms of its environmental credentials and its careful appointments.

Selinda Reserve, at the crossroads of some of northern Botswana's most prolific wildlife areas, boasts staggering wildlife populations year-round. Home to some of the classic species, such as leopard, lion, elephant, buffalo, Red lechwe, zebra and giraffe, it is also a refuge for some of the more uncommon species such as African wild dog (which usually den each dry season near camp), cheetah, roan and sable. And for birders, it will not disappoint. Our nearby African skimmer colony is a highlight, as are the antics of the Black egret on the shores of Zibadianja Lagoon. From camp, hippos are visible in the Lagoon and elephant wander through regularly. Night noises will either lull you to sleep or wake you from a deep slumber. It is an exciting area, and guests are in the heart of a wilderness wonderland.

ACTIVITIES

With a maximum of just eight guests sharing in 4 suites, Zarafa Camp offers complete flexibility.

Safari drives

Early morning, late afternoon/ evening or even full-day safari drives occur in some of the most luxurious wildlife-viewing vehicles. Each Toyota Land Cruiser is open-sided, canopied, and customised for photographers with fold-down screens, raised roofs, photographic bars, and multi-plug invertors, all in keeping with the origins of Dereck & Beverly Joubert as National Geographic photographers. We choose to accommodate four guests (or two couples) on a safari vehicle; however, if a family or group travels together, we would easily accommodate up to six guests. Our vehicles also have fridges stocked with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

Every day is different on safari. Safari Drives often start at sunrise, returning to camp for a late breakfast and departing again mid-afternoon after tea before returning just after sunset. However, guests can often spend the entire day out in the veld with a packed breakfast, lunch, and beverages if they wish. Our safaris will often continue into the night in search of nocturnal species. Night drives are incredibly prolific, and while they take patience, sightings commonly include lesser-known nocturnal mammals and even lion and hyena hunts.

ZARAFKA CAMP

SELINDA RESERVE | NORTHERN BOTSWANA

Our schedule is flexible, and guests are encouraged to create their own itinerary according to their interests with guidance and recommendations from our professional guides.

Guided walks

Guided walks can also be arranged and are led by licensed guides with firearm training.

Photography

- The camp has two custom built Land Cruisers specially designed for our conditions and photography (fold-down screens, raised roofs, photographic bars, multi-plug invertors) with seven individual bucket seats.
- Each of Zarafa Camp's guest suites has a professional camera set, including a camera body and lenses. Photos will be downloaded to a USB flash stick on guest's departure. Each suite comes with a pair of high-quality binoculars for guest use as well.

Boating

- Zarafa offers guests a unique pontoon experience. The pontoon is known as H.E.S. Zib. The pontoon provides a 275 sq. foot deck complete with couches, a dining area and a bar where guests can comfortably enjoy floating brunch or sundowners while watching hippos and elephants in the water.

It is also an exceptional platform for birding;

- There is also a flat-bottomed aluminium power boat to explore the lagoon and channels around the area.

Fishing

Fly-fishing and rod/reel kit is available between March and December for those who want to try their cast at the local bream on a catch and release basis.

Private vehicle option

Available for more flexibility upon request at extra cost, not compulsory for families travelling with children.

Private Guides

Private guides are encouraged and welcomed.

Scenic Flight and Champagne Stop

Enjoy an aerial viewing experience with great scenery across the Linyanti/Savuti and Selinda Spillway. Add a 15-minute champagne stop on palm island en route. Must be booked in advance and is subject to extra cost and availability.

CENTRAL FACILITIES

- Central Lounge, library, dining room, wine cellar;
- Coffee/tea station;
- Expansive deck with fire pit & seating;
- Great Plains Safari Boutique selling locally and regionally produced crafts, many of which support local community projects in the nearby Okavango panhandle.

FOUNDATION INITIATIVE

Great Plains Earth Academy

Conservation is only successful when communities living alongside wildlife and protected areas are afforded opportunities to learn, interact, and benefit from these conserved areas. In Ngamiland, in the upper reaches of the Okavango Delta, there is a community we care deeply about and want to support in their journey to prosperity, with strong links to the environment. In support of that community, the Great Plains Foundation has launched the Great Plains Academy to provide personal and community enrichment opportunities for individuals living alongside wildlife. The goal of the Great Plains Academy is to provide vocational training, supplemental education and scholarships with a conservation and tourism focus to those living alongside Botswana's Okavango Delta. All programs seek to invest in the skill and capacity of the individual while imparting respect for natural heritage and a solid conservation ethic. Learn more at -

www.greatplainsfoundation.com

In addition to our own programs Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travelers or we can help purchase them locally. To learn more or to help support students and educators as part of your trip please reach out
