

DUBA PLAINS SUITE

DUBA PLAINS CONCESSION | NORTHERN BOTSWANA

GREAT PLAINS

CONSERVING AND EXPANDING NATURAL HABITATS

ESTABLISHED IN 1991

The Duba Plains Suite, an exquisite two-bedroom tented suite, is located on the 33,000-hectare private Duba Plains Reserve ensuring an exclusive Botswana safari experience.

Tucked into the pristine Okavango Delta wildlife habitat with views across floodplains filled with iconic African wildlife species, there is simply no other private Botswana safari experience like this in the Okavango Delta.

The perfect partner to the 2-bedroomed Dhow Suite at Zarafa or Selinda Suite, the Duba Plains Suite is raised on recycled railway sleeper decking and offers guests fabulous views and a steady stream of wildlife parading past. This 2-bedroomed Suite has a wrap-around private verandah complete with private plunge pools. The heart of the Suite is an indoor lounge and dining area. Each sleeping area offers guests beautifully appointed en-suite facilities, including indoor and outdoor showers and a luxurious bath. Standing fans and a solar-powered air-conditioning system over the guest's bed area ensure that the tent's design maintains a comfortable climate.

Guests of the Duba Plains Suite automatically enjoy the services of a private vehicle, guide, private host and chef. The entire space has a luxurious yet distinctly African feel and has no equal environmental credentials and thoughtful appointments.

The Duba Plains concession prides itself on offering extraordinary Botswana luxury safari wildlife experiences, and many consider this region Botswana's Okavango Delta's Maasai Mara because of the sheer volume of wildlife. Great Plains Conservation owners, National Geographic filmmakers and conservationists Dereck and Beverly Joubert chose this area as their home base. Great Plains Conservation is the only operator on the concession, thereby offering guests the ultimate opportunity for private wildlife sightings.

Duba Plains has developed a model that creates maximum benefit for the community nearby with lease funds, jobs and other projects like our Big Cats Caring for Communities, Lamps for Learning (solar jars) Conservation Camp for Kids. This partnership ensures that these communities receive tangible and substantial benefits from wildlife conservation.

Duba Plains offers extraordinary wildlife experiences and intimate up-close exposure to the best of the best wildlife, from lions and leopards to elephants and buffalo and everything in between.

The Duba Plains Suite is a proud Relais & Châteaux member property along with Duba Plains Camp and our Selinda Reserve camps – Selinda Camp, Selinda Suite, Zarafa Camp and The Dhow Suite at Zarafa in Botswana.

ACTIVITIES

The Duba Plains Suite offer complete flexibility with your own private guide and vehicle.

Safari Drives

Early morning, late afternoon/ evening or even full-day safari drives occur in some of Botswana's best-adapted vehicles. Duba Plains Camp's Toyota Land Cruisers are uniquely designed to traverse the floodplains. Our vehicles also have fridges stocked with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

Every day is different on safari. Safari Drives often start at sunrise, returning to camp for a late breakfast and departing again mid-afternoon after tea before returning just after sunset. However, guests can often spend the entire day out in the veld with a packed breakfast, lunch, and beverages if they wish. Our safaris will often continue into the night in search of nocturnal species. Night drives are incredibly prolific, and while they take patience, sightings commonly include lesser-known nocturnal mammals and even lion and hyena hunts.

Our schedule is flexible, and guests are encouraged to create their own itinerary according to their interests with guidance and recommendations from our professional guides.

Guided Walks

Our guides are keen walking and birding specialists and therefore encourage guests to experience everything we have to offer.

Photography

- There is a custom-built Land Cruiser specially designed for our conditions and photography (fold-down screens and raised roofs) with six individual bucket seats.
- Custom built boat offering fixed camera mounts and swivel chairs specifically allowing for enhanced wildlife photographic opportunities from the water channels.
- Because we focus on photographic safaris, Duba Plains Suite has two professional camera sets, including two camera bodies with two 100-400mm lenses and one wide angle lens. Photos will be downloaded to a USB flash stick on guest's departure. Each suite comes with a pair of high-quality binoculars for guest use as well.

Boating

The flat-bottomed, aluminium boat at Duba Plains allows guests to explore the papyrus flanked channels of the Okavango Delta. Enjoy the amazing birdlife seen, or the occasional elephant or other wildlife seen on the banks. Marvel at the clear, cool water flowing under you and marvel at the journey that this life sustaining liquid undertakes. It has been said that a splash of Okavango Delta water unlocks unknown flavours and aromas from one's favourite whiskey. Boating is seasonal and subject to water levels.

Fishing

A rod/reel kit is available for those who want to try their cast in the Delta between March and December on a catch and release basis - water level dependent.

Mekoro

Explore the Okavango Delta's permanent channels by mekoro (when water levels allow). This is truly a refreshing yet peaceful experience allowing for wildlife and bird viewing from a unique perspective.

Private vehicle option

Available as standard.

Scenic Flight and Champagne Stop

Enjoy an aerial viewing experience with great scenery across the northern part of the Okavango Delta. Add a 15-minute champagne stop on palm island en route. Must be booked in advance and is subject to extra cost and availability.

Great Plains Conservation

FOUNDATION INITIATIVE

Rhinos Without Borders

In 2015, a rhino was poached every 6.3 hours in South Africa. In response to this crisis, Great Plains Conservation rallied various travel industry stakeholders to join forces with us and primary partner, andBeyond, to commit to increasing the Botswana population by 100 rhinos from poaching hot zones in South Africa to safe havens in Botswana. By moving 87 rhinos in and with the 63 additional calves born we exceeded expectations and achieved our goal. Now we must protect them, so we have made a transition from relocating rhinos to monitoring and protecting them in the face of a new wave of poaching continent-wide. Learn more about our efforts to save some of the last 20,000 rhinos left on the planet:

www.greatplainsfoundation.com

In addition to our own programs Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travelers or we can help purchase them locally.
