5 Unique Warrior Program

At Saruni, we offer a unique program called "Warriors Academy", where guests spend some time learning the survival skills of the revered Masai warriors - taking part in teaching in the same way as a junior warrior learns to track animals and craft tools on the plains of the Masai Mara. This is a particularly exciting activity for families with children.

4 Maasai Guided Safaris

One of the most remarkable aspects of a safari at Saruni Mara is the fantastic guiding experience. Guests are guided by Masai warriors, who eagerly share their ancient customs and local knowledge of the landscape and wildlife. Over and above being professionally qualified, our guides are members of the Masai tribe who are the proud custodians of this incredible wilderness, and who have known this area as their home for centuries.

6 Community Focused

Saruni Mara is a founding member of the Mara North Conservancy, which provides jobs, income, training and guidance for the local Masai people. - Saruni formed a local women's group, where the ladies are encouraged to sell their artifacts through the Saruni shop.
- Saruni sponsors young Masai to train as guides at the Koiyaki Guiding School, to make sure that the future generations of conservationists and safari guides will see the Masai people in the forefront.
- The lodge protects the northern corridors of the Masai Mara ecosystem around the Lemek-Ngoswani area.
