Kichwa Tembo Tented Camp

Masai Mara National Reserve

KENYA

Blessed with an astounding year-round concentration of animals and site of the Great Wildebeest Migration, Kenya's Masai Mara National Reserve provides an unsurpassed wildlife experience. Covering an area of 1 510 km² (583 square miles), the Masai Mara is a land of breath-taking vistas, abundant wildlife and endless landscapes.

With abundant elephant, buffalo, giraffe, lion and cheetah alongside the migratory wildebeest and zebra, the reserve is a photographer's and naturalist's paradise. Leopard are frequently encountered, endangered black rhino find shelter in dense thickets and rafts of hippo and enormous crocodiles are found in the Mara River. The reserve is also home to over 450 bird species.

Tembo private concession, which neighbours the Masai Mara. Meaning 'head of the elephant' in KiSwahili, Kichwa Tembo consists of private land leased from Maasai landlords and is situated in the remote western Mara. In addition to its excellent year-round concentration of wildlife, Kichwa Tembo lies directly in the path of Africa's spectacular Great Migration.

&Beyond Kichwa Tembo Tented Camp and Bateleur Camp are situated in the Kichwa

“Kichwa Tembo Tented Camp is the perfect complement to this area of natural beauty and savagery. It magnificently recreates that unique atmosphere of safaris long past. When you think it can't get better, you are pleasantly surprised. When you think the friendly welcome and daily attention to detail can't be improved, you are again pleasantly surprised. Every day produced its 'bonuses', from the vultures squabbling over a kill to the river crossing of the wildebeest and the attacking crocodiles; the zebras springing into view over the river bank in a cloud of dust to the parading leopard; the lioness' ambush of a cheetah kill to the majestic elephants... on and on it went. A truly unforgettable experience.”
