

Family affair at The Cellars-Hohenort

Set in the historic Constantia Valley, The Cellars-Hohenort offers a picturesque retreat in tranquil surroundings. The hotel has selected many options which are ideal for family stays, the largest being The Madiba Villa, affording you a luxurious Cape Dutch home away from home with its own private courtyard and plunge pool. With nine acres of beautiful gardens to explore, The Cellars-Hohenort is the perfect environment for family time. You and your children can discover the local herbs and vegetables being used in our menu options, explore the camphor walk, numerous ponds and so much more. While you relax and read a book your children can search for butterflies and insects or feed the ducks. Practice your golf technique on The Gary Player designed chipping and putting green and give your children some putting lessons or play a 'mini-golf' game. Family picnics can be enjoyed in the many secluded spots in the gardens or by one of the hotels swimming pools. There is also a tennis court located next to the spa and hair salon where Dad can play tennis with the kids while Mom has a relaxing spa treatment. There are numerous walks in the area and the Alphen Trail is just a five minute walk from the Hotel - a popular walk for local families and visitors alike which meanders along a gentle stream in the Constantia Valley.

The Cellars-Hohenort is also the ideal location from which to explore the multitude of activities around Cape Town.
