\*Extras are non-commissionable 3<sup>rd</sup> party elements, including DNPW Park Fees, Kafue Conservation Contributions, and SES MediVac Cover

All rates include: full board accommodation, bar incl. house wine, beer and spirits, activities (walking safaris, game drives, boat trips), inter-camp transfers, laundry

All rates exclude: gratuities, transfers (unless otherwise stated in itinerary), and 'Extras'

## We welcome Accompanying Guides/Photographic Tour Leaders and Private Camp Bookings!

- Accompanying guides and tour leaders are free of charge; aside from their park fees and extras (\$100pppn), this is in guides accommodation back of house. If guides and tour leaders prefer to stay in guest accommodation then a rate can be negotiated.
- If a group size has 6 full paying guests then all other guests (up to camp maximum of 10 at Musekese and 8 at Ntemwa-Busanga) are free of charge aside from their park fees and extras (\$100pppn)

## Private Guide Fees and Structure

A private vehicle (and boat at Musekese) is available at both of our camps and costs **\$350 per day**. A private safari guaranteed to be guided by Phil Jeffery and Tyrone McKeith in the Kafue is **\$500 per day**.

- All camps have a number of highly qualified guides, all of whom are specialized and experienced in guiding bespoke to the needs and interests of our guests (photographic, birding, walking, etc.)
- Walking Safaris are an exception in that all camps (Ntemwa-Busanga except) only has 1 escort scout on duty. As such 2 walks cannot be conducted at one time and therefore guests interested in walking safaris will need to join together (no more than 6 pax are taken on a walking safari)
- Our specialized Game Viewing vehicles have just 6 guest seats - we aim to have no more than 4 guests per activity but sometimes this may vary with unforeseen circumstances

## MUSEKESE CONSERVATION

In early 2018 Phil & Tyrone launched Musekese Conservation, a not-for-profit organization working with the Department of National Parks and Wildlife to secure core areas of Kafue National Park from illegal poaching etc.

USD\$30 from every bed night goes towards conservation projects in the Park, however there remains a lot of work to be done in order to secure the future of the Kafue. We would be most grateful if you would share this project with your clients, colleagues and prospective guests of Jeffery & McKeith Safaris in case they wish to make any further contributions to conservation in and around the Park.

Please do not hesitate to contact us on phil or tyrone @musekeseconservation.com for further information. Likewise, we would be grateful if you would like, share, and follow our Facebook (Musekese Conservation) and Instagram (@Musekeseconservation) accounts to keep up to date with conservation in Kafue.
