

EL KARAMA LODGE  
LAIKIPIA

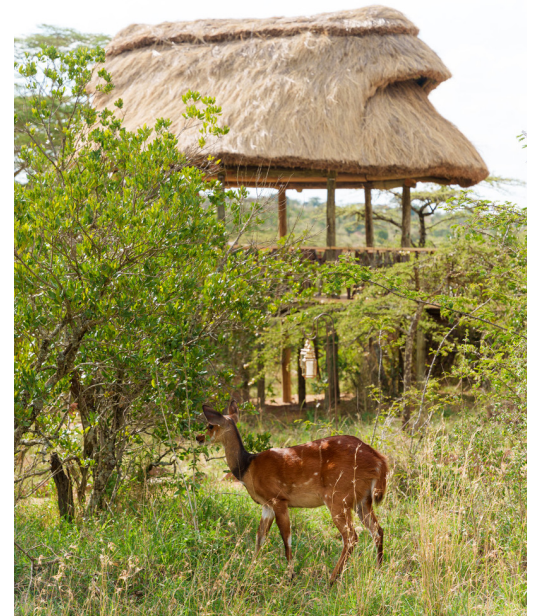

# NILOTICA HOUSE

*Peace*  
*Immersion*  
*Connection*  
*Privacy*

A beautiful and serene house located upriver of the main lodge environment, Nilotica offers special guests luxury, space and privacy in the wild.

Comprising two light and airy cottages sleeping up to eight people. Cottage One is family sized with two large inter-connecting bedrooms, a large beautiful light bathroom with two sinks and a gorgeous shower, a once in a lifetime outdoor plunge tub overlooking the salt lick where wildlife come to visit all through the day, all surrounded by roomy verandas looking out to far-reaching views of the conservancy, the Aberdares mountain range and the Ewaso Nyiro river below.

The second cottage is river-facing, a spacious double/ twin with plenty of space for an extra bed if needed. Surrounded by a yoga-style veranda, a stone patio for private moments. This cottage is favoured by the bush buck and dik dik daily as well as the magical bird life for which our lodge is known.

Nilotica Private House has its own access track, private wifi, outdoor dining, a salt lick with wildlife and a fire pit for sundowners. Serviced with its own game drive car, guide and steward, it is still only a short walk away from the main lodge including its larger pool and The Bush Spa for treatments.

## Contact Us

Please get in touch with us for more information on this incredible new experience at El Karama Conservancy, and special offers available until December 2022.
