## Island Safaris Trails

### Range Suitability

This Classification below helps to indicate to readers that this activity would be suitable to people travelling in the following price ranges.

Adventurer Range

Heritage Standard Range

Heritage Blue Ribbon Range

### Activity Details

Islands Trails are set on the 113Ha mini Game Park around Island Safari Lodge. We have carved out 3 main trails and a number of loops to cater for both those that want a long excursion of up to 10km and for those that want a more brief experience of 2.5km.

The property has for many years been protected from an expanding village and as it is now registered as a legitimate Game Park, efforts are being made to restock this very genuine Delta Island with certain plains and forest game species.

Tickets for the use of the Trail are sold at the Island Safaris Reception and ticket holders may use the trail in a number of different ways including private walks or cycling or by doing guided bird and game walks with Island Mobile Operators.

This facility is set on our Private Property and therefore Rights of Admission are Reserved by Island Safaris. No Commercial use of the facility will be allowed other than by arrangement with Island Safaris.

Please contact our office directly for more detailed information on the Standard Heritage Safaris
