

# SHAMWARI

— PRIVATE GAME RESERVE —

## Program of Events

The following times are only an indication and approximate as these may vary according to seasons and weather conditions. All lodges operate independently, each with a full staff compliment including its own management team, chef brigade and experienced field guides.

Although guests may enter and exit the reserve at any time, we do suggest that guests arrive in time for lunch on their day of arrival as not to miss out on any game drive during their stay.

---
