NAMBWA TENTED LODGE

*Nambwa Tented Lodge, nestled high amongst majestic Jackalberry,  
Sausage and Knott Thorn Trees.*

Dinner, lunch or breakfast always with a view.  
The “open to sky” dining with rewarding views to the floodplains below.

*The elegant Safari Lounge creates a perfect fusion of energy and relaxation.*

A library with a mixture of Vintage artifacts and books as well as small relics found on site, all encourage a touch of exploration.

---

*Raised walkways connecting all tents to the main lodge area.*

*A timber walkway, towers above gentle giants and meanders through the trees, joining the ten luxurious tented suites of exquisite comfort.*

## 10 Tented Suites

Tastefully decorated with natural colors and evoking a gentle balance of serenity, the decadently spacious tented suites open completely and emanate a feeling of vastness and opulence.

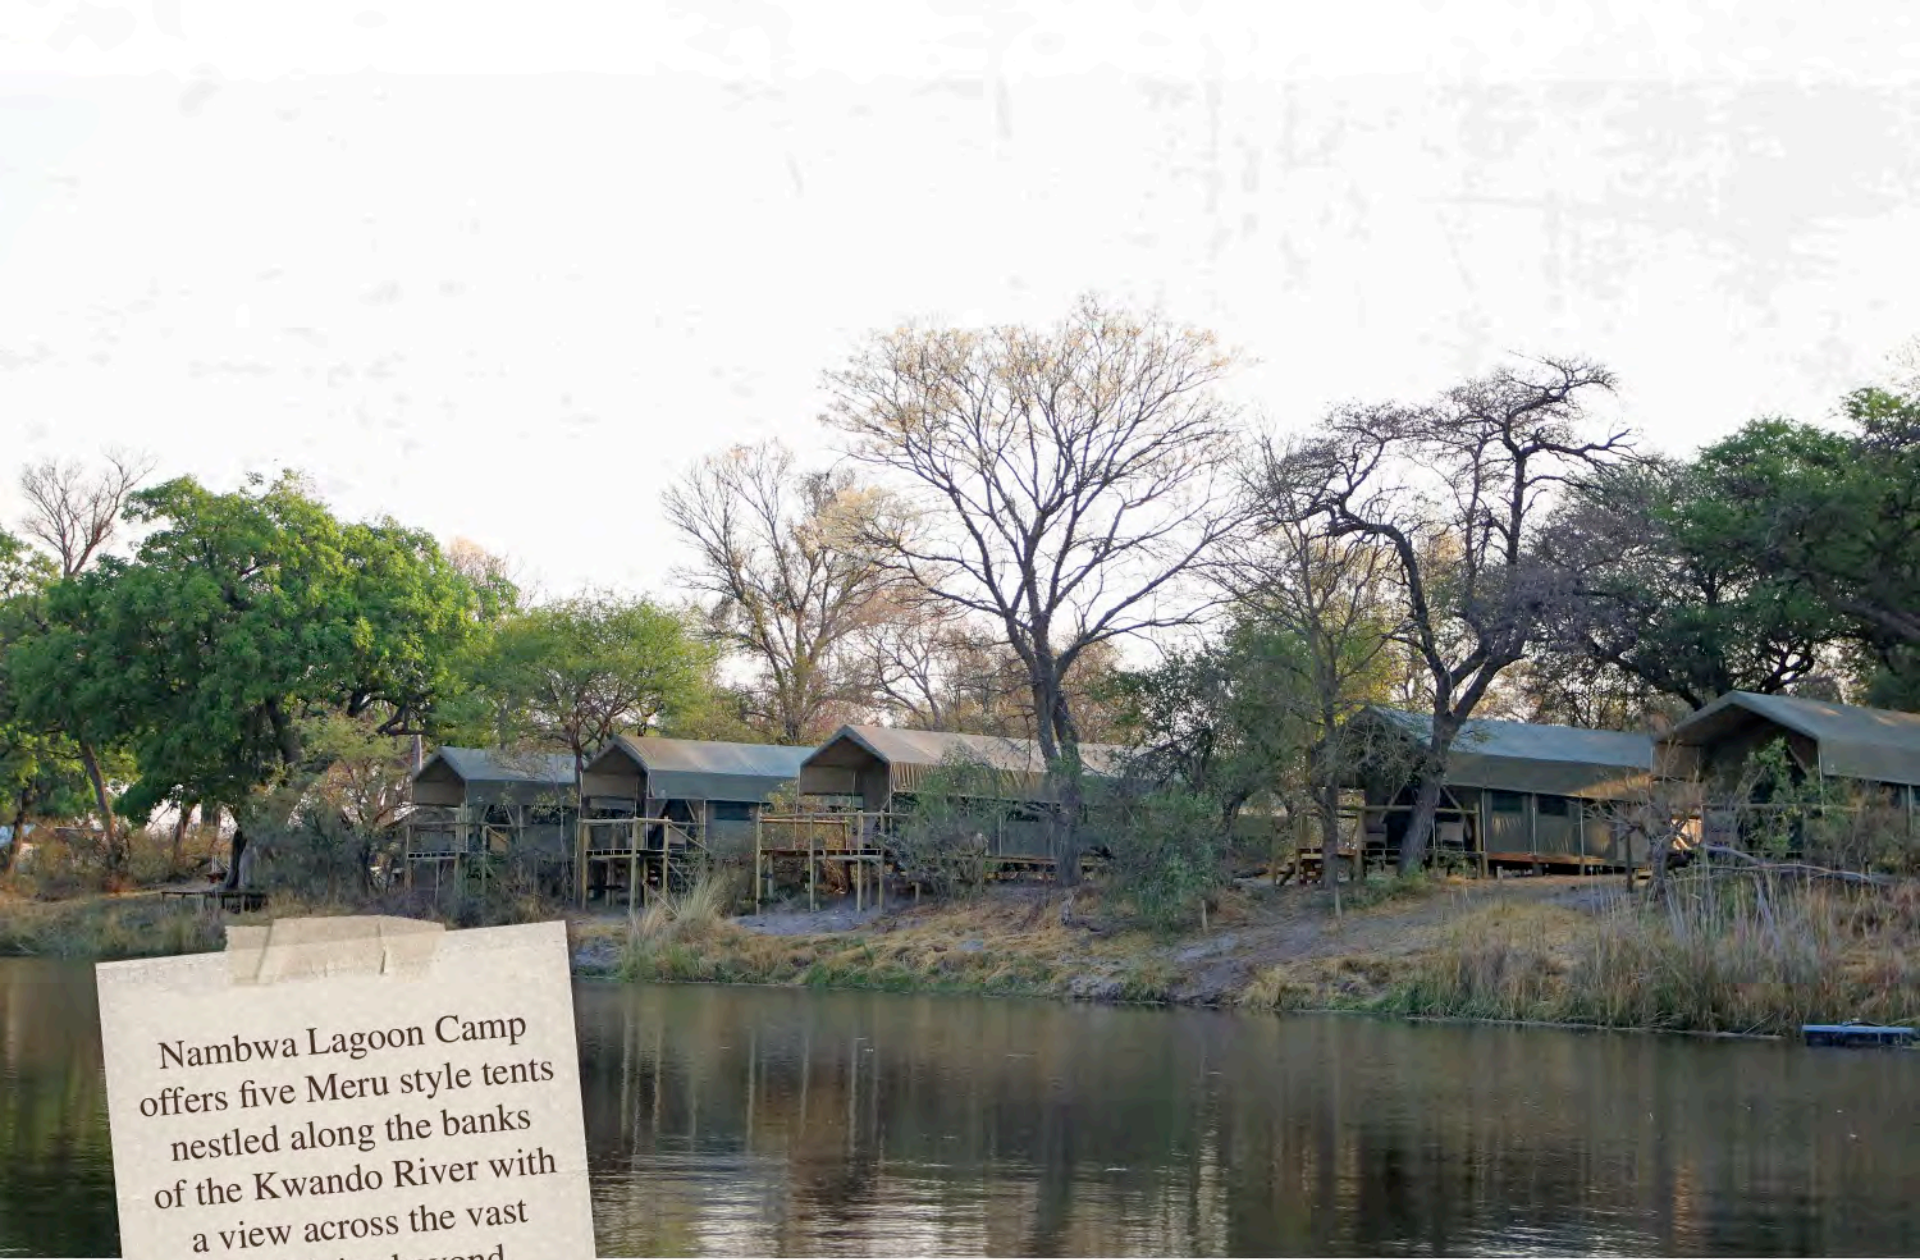

- Private lounge
- Bath & Shower
- Personal Laptop Safe
- Coffee & Tea Station
- Mosquito Net
- Fan

NAMBWA LAGOON CAMP

A photograph of Nambwa Lagoon Camp, featuring five Meru-style tents with green canvas walls and gabled roofs, elevated on wooden stilts. The tents are situated along the banks of the Kwando River, surrounded by a variety of trees, including some with bare branches and others with green foliage. The water in the foreground is calm, reflecting the sky and the surrounding landscape. A piece of light-colored paper with text is overlaid in the bottom left corner.

Nambwa Lagoon Camp  
offers five Meru style tents  
nestled along the banks  
of the Kwando River with  
a view across the vast  
floodplains beyond.

*Nambwa Lagoon Camp is situated next to Nambwa Tented Lodge*

## *Nambwa Campsite*

4 River view campsites, with nearby ablutions, hot water showers & flush toilets.

**KAZILE ISLAND LODGE**

Kazile Island Lodge is  
situated on a private island,  
right across from the  
famous Horseshoe bend.

A photograph showing several wooden Meru tents built on stilts, nestled within a dense mangrove forest. The tents are situated along the edge of a river, with tall grasses and reeds in the foreground. The scene is captured during the golden hour, with warm light reflecting on the water and the trees. The tents have a rustic, natural aesthetic, blending with the surrounding environment.

Kazile offers ten Meru tents nestled within a Mangosteen forest, overlooking the Kwando River and the expansive floodplains.

A savanna landscape at sunset. The sky is filled with soft, golden light and scattered clouds. In the foreground, a field of tall green grass and white wildflowers is visible. In the middle ground, several antelope, likely reedbuck, are standing in the field, looking towards the camera. The background features a line of trees and bushes under the sunset sky.

*We offer the following experiences :*

- Game Cruises along the Kwando River
- Game Drives
- Game Walks
- Night Drives

*Morning or Afternoon Boat Cruises take you drifting down  
the unspoilt Kwando River*

*Sunset Boat Cruise*

## Game Drives

As the midday sun retreats and the afternoon shadows lengthen we depart on a journey, an adventure to discover the unknown behind every bend. Observing every branch for a rare endemic bird, to be rewarded instead by an elusive leopard. The silence broken by the deep low rumble vibrating through the bush, which could only belong to a large herd of elephants. Out of nowhere they appear with a focused determination towards the life-giving water up ahead. Knuckles white, as I grip the seat of the game viewer, relishing the moment as a highlight of my journey through Africa.

## Guided Bush Walk

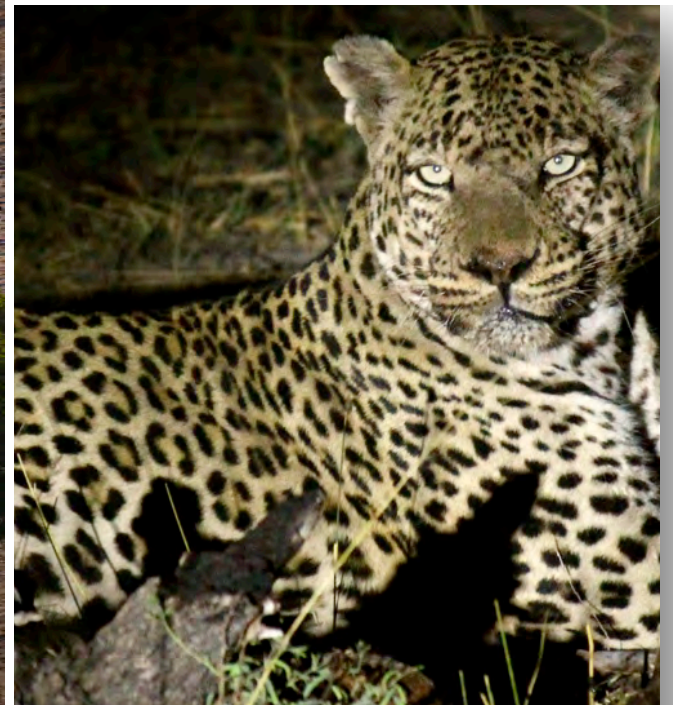

“Look,” says our guide Beaven, pointing past the big camel thorn tree in front of us at the herd of buffalo. As our guide describing the behavior we get an insight into the lives of these extraordinary beasts. He shifts our attention swiftly to the tracks of the hyena that passed the night before followed by her cub. I am in awe of the knowledge Beaven has parted. He teaches us the medicinal value of the knobthorn tree, the techniques to use for making rope and the ‘toothbrush’ bush.

*We are known for the massive herds of elephant in this area*

*The Big 4: Lion - Buffalo - Elephant - Leopard*

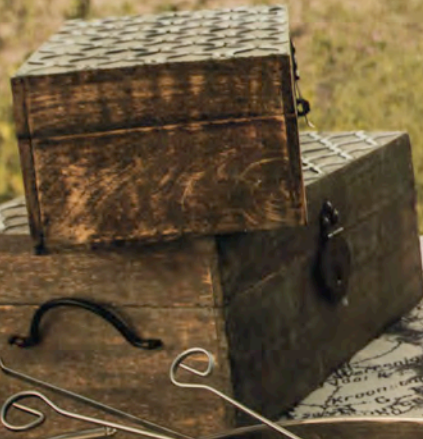

*Bwabwata National Park is home to over 450 bird species!*

*A lush brunch creating an authentic African experience.*

An estimated 80,000  
elephants traverse the  
KAZA area.

At Nambwa you get up  
close and personal with  
these gentle giants.

## *Conservation*

As lodge developers and owners in Namibia, we are custodians of some of the last great species in the wild. We take this seriously. So when we build and operate, we ensure the natural environment is our number one priority. We protect the habitat and respect nature's course

## *Community*

We partner with local Chiefs and Councils to help create sustainable communities. We employ and train local villagers, and give back tangible assets and financial contributions to the communities. We also work with the communities to protect the wildlife.

## *Conservancy*

The local conservancies are partners in all of our projects. We also work hand-in-hand with the World Wildlife Fund to develop conservancies. For more than 20 years, our vision has been to protect the environment, the people, the culture, and all of our wildlife species, big and small.

*A visit to a traditional village allows you the opportunity  
to understand the local life and culture of our people.*

*We give back to the local communities*

Shareholding in Nambwa Lodge

A percentage of revenue from the lodge is shared with the Mayuni and Mashi Conservancy

Numerous social upliftment programs

Employment and skills development

## *Chief Mayuni*

The force behind the conservancies in the area and an avid conservationist.
