About Stanley & Livingstone Boutique Hotel

There is something quintessentially African about a Victoria Falls holiday. The sheer enormity and force of the Falls has powered them into the Seven Natural Wonders of the World and onto the UNESCO World Heritage List. This iconic destination is an adventure- and nature-lover's paradise, representing an Africa that still has a wild and untainted side. Days here can be filled with adrenaline-igniting activities, close-up wildlife encounters, and humbling cultural interactions.

Stanley & Livingstone Boutique Hotel holds a prime location just 15 minutes from the Falls, surrounded by The Victoria Falls Private Game Reserve, making this an ideal base from which to explore one of the continent's most loved destinations. Tailor-made exclusive tours to the falls with our expert guide who highlights the route's 15 lookout points, morning and afternoon game drives, and the black rhino experience offers an extremely rare chance to see this critically endangered animal in the wild. Victoria Falls Private Game Reserve is a black rhino Intensive Protection Zone and this experience helps generate funds for this vital conservation work.
