Kuzuko is an ambitious rewilding project with a strong social heart. We've made some great progress over the last twenty years with plans for much more!

All of this would not be possible without our fantastic guests and we are immensely grateful for your continued support.

We charge a small conservation levy of **R150 per adult** per night and **R75 per child** under 13 per night which goes directly back into supporting our conservation efforts on the ground.

Here are just a few of the achievements your conservation levy supports:
