Rhino Sands Safari Camp is set in the heart of Zululand, in the Kwa-Zulu Natal province of South Africa. The camp is located inside Manyoni Private Game Reserve and set on a peninsula of the Msunduze River. The reserve is one of the premier game-viewing destinations in Kwa-Zulu Natal and is home to the Big 5 along with African wild dogs and cheetahs, as well as large numbers of all the more common African animals. The area is a well-known tourist destination, and is home to a number game reserves, beautiful remote beaches, the St. Lucia Wetland Park world heritage site, and the colorful Zulu nation. The closest airports are Richard's Bay (1.5 hrs) and Durban King Shaka (3 hrs), both of which are an easy drive directly up the N2 freeway to the game reserve. Private charter flights can land in nearby Mkhuze, Hluhluwe, or Phinda airstrips.

### WHAT A STAY INCLUDES:

Your quote for Rhino Sands Safari Camp is for an all-inclusive package. This includes accommodation plus two daily game drives within Manyoni Private Game Reserve. The rate also includes all meals as well as a selection of local wines and spirits and all non-alcoholic drinks. Rates exclude the Manyoni Private Game Reserve conservation levy, which we will collect on behalf of the reserve. Currently conservation levies are charged at R175 for 2023 and 2024. These rates are subject to change without notice. Our rates also exclude optional extras like curious, premium beverages, gratuities, and off-site activities.

### ACCOMMODATION:

The entire camp is set under canvas upon wooden platforms within the riverine forest. The main camp area features a reception office, casual bar lounge space, formal lounge, and both formal and casual dining areas. There is also a large boma area for guests to enjoy dining fireside beneath the stars.

Guests can stay in one of four luxurious custom-built private tented suites located amid beautiful riverine forest, each featuring a private living area, outdoor shower, and swimming pool. Each tent opens completely on three sides so guests can immerse themselves in the wilderness experience. All tents have stunning views of the river bed below. The camp has been designed and decorated with an emphasis on the romance of the classical safari experience, with a nod towards traditional safari styling but including all the modern luxuries.

#### THINGS YOU SHOULD KNOW ABOUT OUR CAMP:

Rhino Sands Safari Camp is a tented camp, and while very luxurious, the accommodation consists of actual tents, which may be zipped open or closed. There is also a mosquito netting which can be zipped closed while canvas is left open. The beds all have mosquito nets which can be draped closed at night.

Rhino Sands Safari Camp is an ecofriendly camp. Our electricity is run on a solar installation and is backed up by a silent generator. While there is always electricity available, the camp has been designed to save on electricity where possible, and we ask our guests to please be considerate in their use of electricity. Tents do have fans but not air conditioning. There are private pools at each tent to help guests cool off. In the winter we suggest guests bring along warm clothing for the tents and game drives, as temperatures in the early morning hours can approach freezing.

We have made a conscious decision to provide only limited wifi in camp. Wifi is available in the private tented suites only. We kindly ask that guests refrain from using the internet or devices in public areas at any time. The Rhino Sands experience was created to encourage our guests to disconnect from their busy lives and reconnect with the environment and with one another, as we believe that is the true spirit of safari.
