

Stormsriver Adventures - Tsitsikamma Canopy Tours

Tsitsikamma

Stormsriver Adventures offers visitors responsible eco-adventure forest tours that are fun and adventurous for the entire family. This is done to protect and sustain time sensitive afro mountain indigenous forest. Tsitsikamma Canopy Tour which is the first of its kind in Africa; cable sliding from one platform to another along a steel cable, 30m above the forest floor and discover the secrets of the spectacular and unique wilderness of Tsitsikamma Indigenous forest.

Visitors can be sure to enjoy birdlife and spectacular views of this enchanting forest as they monkey around while their qualified guide explain the ecology of this lush primeval forest. More than just an adventure company in the quaint Stormsriver Village; Stormsriver Adventures is deeply committed to uplifting its adjacent communities since 1998, employing, training and empowering members of the local community.

HIGHLIGHTS

- A first of its kind in Africa experience
- The only Tree Top Canopy Tour operating in an indigenous forest
- Birdlife in abundance (Knysna Loerie (Tauraco) and Narina Trogon)
- Knysna dwarf chameleon that lives in the bushes and trees of the Tsitsikamma Forest
- Beautiful tree ferns hundreds of years old and other interesting forest flora
- All "big" trees in the Tsitsikamma Forests are Outeniqua yellowwoods. This species is the tallest indigenous forest tree and may reach a height of 40m
- Num-Num (Carrisa bispinosa) - Also used as an aphrodisiac
- Spectacular and unique wilderness - Being able to view the emergent layer from the canopy tour platforms
