- The Government of Zanzibar has made the whole COVID-19 testing procedure easier making an appointment, make an online payment and get the certification online via the online portal – <https://zanzibarcovidtesting.co.tz/app/home> for RT-PCR or ANTIGEN RAPID DIAGNOSTIC testing.
- The testing centers listed on the online portal are the OFFICAL and AUTHOTIRZED establishments by the Zanzibar Health Authority.
- Guests are strongly advised to follow this online system to avoid being shown away at the airport due to obtaining certificates through any other unauthorized sources than what is officially listed on this portal.
- Each person will need to follow the same procedure to obtain his/her own reference number. 1 x reference number = 1 x person. The same applies for groups, although groups can then arrange to go together same time to the testing Centre.
- Mobile Apps are also available for download through the online portal for easy access on your mobile.
- Testing should be done 3 or 4 days prior to departure date, as it takes 48-72 hours between taking the test and receiving the results.
- For Ocean Paradise to remain legally compliant with the local Zanzibari laws, the hotel nor any staff member are permitted to make an appointment on behalf of any guests as each guest are required to make the appointment personally via the online portal. Although our Guest Relations Team will assist you with pleasure to walk you through the steps on your mobile or any of your available devices.
- The price of the test is only for the testing and does not include any transfer costs to the centre or back to the resort. Please visit the Guest Relations Office for assistance arranging transfers and the cost thereof if you do not have a ground representative by your Tour Operator or have your own transfer arrangements.
