# Why stay?

## 1 FALL ASLEEP IN THE TREES

Romantic treehouse suites are graced by the sounds of the forest and elephants often walking past the decks. Cradled in the boughs of ancient mahogany trees, nine stilted treehouse suites, crafted from local timber and makuti palm fronds, boast a sophisticated blend of intimacy and romance, offering privacy and exclusivity in cool, leafy surroundings. Each treehouse suite features generous decks suspended above the forest floor and large windows invite the lush forest inside.

## 2 REMOTE AND SECLUDED

Set in the heart of a mahogany forest, 8Beyond Lake Manyara Tree Lodge is the only permanent lodge in the park of the same name. Designed to exert minimal impact on the environment, the lodge is situated in the park's south-western region. Guests are offered an exclusive interpretive safari in a remote, game-rich part of the park. The tranquility of this lodge offers the perfect place to start or end a safari. With few other vehicles, you are able to ease into the destination, or just relax, enjoying the peace and energy of the forested lodge.

## 3 EXCLUSIVE SUNRISES AND SUNSETS

The translucence of the lake, juxtaposed against the dramatic escarpment makes for breathtaking sunsets and sunrises in this special park. When the park closes, only 8Beyond vehicles and guests are allowed to remain here, allowing you to experience your own private golden glow of sunset. Make the effort to rise early to the sounds of the forest, to be on the lake for a cup of coffee as the pinks and oranges start to filter through the night and the birdlife awakens.

This was both the most natural,  
'wildest' place we stayed whilst on  
safari and yet also the most luxurious. ”
