Mbali Mbali Mahale sits on a secluded golden beach in the Mahale Mountains National Park. With a dramatic mountain range rising up from behind and crystal clear waters of Lake Tanganyika in front of the lodge, this romantic getaway is the perfect blend of adventure and comfort. The primary activity in the park is chimpanzee trekking. This property was completely refurbished in August 2018.

As the only property situated in the Gombe Stream National Park, it offers complete privacy by only catering for 14 guests. The lodge is built in the lush shade of ancient trees just off the shores of Lake Tanganyika. This park was made world famous for the primate studies conducted by pioneer British Researcher Jane Goodall. Chimpanzees are undoubtedly the main attraction, but olive baboons, vervet monkeys and the rich bird life completes this safari.

Day Trip to Gombe Stream National Park for chimpanzee trekking	<p>Description of Day Trip to Gombe Stream National Park</p> <p><b>Rates per Group:</b> \$400 for return boat transfer Kigoma Hilltop Hotel - Gombe National Park - Kigoma Hilltop Hotel per group (maximum 16 passengers per boat)</p> <p><b>Additional per Person:</b> \$35 per person</p> <ul style="list-style-type: none"> <li>- Includes: 1 x Chimpanzee Trek with guide, a packed lunch, soft drinks and water</li> <li>- Excludes: Flying doctor/medical evacuation, travel insurance, gratuities, TANAPA Conservation/Park Entry fees, and TANAPA Guide fees</li> </ul> <p>Chimpanzee trekking routes are entirely determined by the location of the chimpanzee communities when guests arrive in Gombe National Park. Typically guests will depart from Kigoma Hilltop Hotel's private beach right after breakfast around 07:30. A dhow wooden boat will transfer the group to Gombe (2 hours). Guests will depart Gombe National Park in time to return back to the hotel by sunset at 18:00 so this is a full day excursion. On arrival in Gombe National Park, guests will go through TANAPA gates and proceed for chimpanzee trekking; this is limited to a maximum of 6 people per group. If there are more than 6 people in the group, the guests will be split into more than one group. Each group will be allocated a guide and proceed on the trek. The guides will determine the best way to split the groups based on their fitness for example or if they are others that want to pass by a waterfall on the way etc. Depending on which chimpanzee families are found, the groups will be planned to arrive to the chimpanzee groups at different times so they are not waiting for their turn. Chimpanzee viewing time is limited to a maximum of one hour per group per day. If the chimpanzees move away and viewing time is interrupted, the viewing time will be paused until the chimpanzees are found again; trekking is not permitted for longer than 3 hours after the initial chimp sighting, even if the one hour total has not been reached. This is to minimize disturbance to the primates and to the forest. The minimum participating age for chimpanzee trekking as determined by TANAPA is 15 years old at Gombe National Park.</p> <p>TANAPA Fees for Day Trip to Gombe Stream National Park (includes VAT)</p> <table border="1"> <tbody> <tr> <td>TANAPA Conservation/Park Entry Fees per person (single entry) for Gombe National Park applicable year round</td> <td>TANAPA Guide Fees for Gombe National Park applicable year round</td> </tr> <tr> <td>- \$118 Adult of 16 years or more - \$23.60 Child of 15 years</td> <td>- \$23.60 per group of 6</td> </tr> </tbody> </table>			TANAPA Conservation/Park Entry Fees per person (single entry) for Gombe National Park applicable year round	TANAPA Guide Fees for Gombe National Park applicable year round	- \$118 Adult of 16 years or more - \$23.60 Child of 15 years	- \$23.60 per group of 6
