THE MANTA  
*Resort*  
PEMBA ISLAND - ZANZIBAR

A lush green rainforest with a body of water in the foreground reflecting the trees. The forest is dense with various shades of green, and the water is calm, creating a clear reflection of the surrounding foliage. The sky is a pale, clear blue.

## SPICE FARM AND RAINFOREST TOUR:

The Zanzibar islands are known as the 'spice islands', with 70% of the world's cloves coming from Pemba. A visit to the spice farm will have you experiencing the true tastes and smells of Pemba Island. This is followed by a walk through the Ngezi Rainforest for about 45 minutes. A protected reserve home to endemic bird species, vervet and black colobus monkeys, the forest ranger will also point out all the protected fauna and flora.

Cost \$50 per person.

## LIGHTHOUSE WALK

This walk takes approx 20 mins. You will be accompanied by your service-fundi. No charge except for a \$5 dollar entrance if you wish to climb the lighthouse and get the tour by the operator in charge.

A close-up photograph of fresh produce. In the foreground, there is a large pile of purple shallots with their roots. To the left, there are several bright red cherry tomatoes. In the background, there are green and yellow bell peppers, and more purple shallots. The lighting is bright, highlighting the textures and colors of the vegetables.

# Land Excursions

Any excursion can be arranged the day before with your service fundi, and paid at the resort for whichever excursion you choose.
