

TINTSWALO SAFARI LODGE CHILD POLICY

The Tintswalo Safari Lodge Child Policy is as follows:

Safari Lodge:

Children under 12 cannot be accommodated at Safari Lodge unless it is a full lodge takeover booking, however we can accommodate children under 12 years in our Presidential Suite.

Presidential Suite

Children of all ages are welcome at Presidential Suite (maximum capacity 4 guests plus 2 extra children can be accommodated). Babies under 2 years are not permitted on game drives. Children over 2 years may participate in game drives with their families, arrangements for these may be discussed with the Tintswalo Field Guide at the Lodge. The guide will evaluate a game sighting and will use his/her discretion when entering a sensitive game sighting.

A babysitting service provided by our staff is available, rates are available upon request. Advance bookings for babysitting are essential.

We offer a complementary children's program for all children staying with us. The program is available on request.

Please Note:

Game drives will be conducted in accordance with Tintswalo safari policies with particular emphasis on safety procedures. The Tintswalo Field Guide will make calls on whether or not children can be taken into specific sightings on this basis, and children will not be taken into any potentially dangerous or sensitive game sightings. All children allowed on game drives will need to behave in accordance with safety procedures set out by the Field Guide.

No children under 16 years are permitted on bush walks except for those participating in the Children's Program, wherein nature walks are conducted in a safe area.

We must be notified of the following requirements at least 14 days in advance of the arrival date:-

- All special dietary requirements for children
- Babysitting requirements
- Bookings for participation in the Children's Program.
