LEAVING OUR WORLD A BETTER PLACE

By staying with us you are indirectly contributing to various **conservation initiatives** across Ngala Private Game Reserve.

♻️Beyond's acclaimed conservation policies led to Ngala becoming the first private reserve to be incorporated into the world-famous Kruger National Park. Through a unique partnership with **WWF SA** and the **SANParks Trust**, Ngala's contributions directly influence the expansion of various high biodiversity regions through the country, and assist SANParks daily in their conservation and anti-poaching initiatives.

Along with **Africa Foundation**, Ngala works closely with the neighbouring communities of Welverdiend, Hluvukani and Hlabekisa, employing locally and investing heavily in community education, healthcare and small business development.

Sustainability practices are a daily priority as we aim to minimise our physical footprint and our overall impact on the environment. Our strategies include an investment in environmental protection, reducing our direct carbon footprint, more effective water-usage, having a zero plastic water bottle plan, as well as auditing our impact.

Developed by our ♻️Beyond Phinda Conservation Team, **Beyond the Sighting** is a data capture programme which will be used by all our ♻️Beyond rangers and field guides to record their daily sightings of leopard and other priority species. With specific reference to leopard conservation, it will increase the number of leopard monitoring locations, and the data gathered will enable accurate population composition estimates.
