

## DAY 2 – Empakai Trek

This trek will lead you from Empakai crater area down to lake Natron.

This highly scenic path opens onto areas inaccessible by car and allows you to walk across remote village and meet its people.

You will be guided by Massai guide and helped by donkeys for luggage.

The **first day** (6-7h walk) highlight is the Empakai Crater. The heart of this sleeping volcano is home to several birds species. You will cross it to climb up on the opposite cliff where your bivouac will be settled.

*Dinner & overnight at Acacia Camp Site*

**TANGANYIKA EXPEDITIONS**

## DAY 3 – Empakai - Natron

The 4 to 5 hour walk of the second day will lead you North: to Massai lands where the sacred Oldonyo Lengai stands.

You will walk in moonlike landscapes born from the volcano ashes.

A vehicle will be waiting for you few steps from the Oldonyo Lengai and will drive you to Natron camp.

End of the day at leisure, on the shore of Natron lake.
