DIRECTIONS

Coordinates: 24°23'20.6"S 27°51'15.2"E

Do not let Google Maps decide your route or drive the backroads through Thabazimbi. Their 'quickest' route often turns out to be over severely damaged roads:

From OR Tambo International Airport, Johannesburg:

- Take the R21 north to Pretoria (Tshwane).
- Closer to Pretoria turn off the R21 onto the N1 and continue north past Pretoria towards Pietersburg (Polokwane).
- At the Kranskop toll gate turn left on the R33 to Nylstroom (Modimolle).
- Go through Nylstroom and drive through Vaalwater. (Do not turn right on R33 to Ellisras in Vaalwater – continue straight to Bulgeriver/Thabazimbi)
- 8km after Vaalwater turn left on the Bakkerspas road. At the boom gate, please send us a whatsapp or call us on the lodge cell phone. There is no cell reception on Bakkerspass. This way we can estimate your time of arrival.
- Drive 29 km on the gravel road and find Kololo's gate on your right.
- Press intercom button and state your name. Release the button so we can reply and open the gate for you.
- Bakkerspass condition changes due to rainfall. During summer (wet season; November – April) a high clearance vehicle is recommended. During or after heavy rainfall, please feel free to contact the lodge on the morning of departure if you're uncertain about your vehicle.
- Total distance from Airport to Kololo is 280km. Depending on the weather, this is about a 3.5 hour drive. (The last 29km will take you between 40 – 60 minutes)

Please note: Check-in before 17.00. If you are expecting to arrive after this, please let the reception know before 15.00, so they know what time they can expect you.

A late check-in fee (R500) is charged for arrivals after 18.00.

Please contact us in case of unexpected delays so we can assist.

Drive safe!

Please note: the gravel road directly between Thabazimbi and Kololo Game Reserve going past Marakele is in a very bad condition and should not be used.

Rather take the R510 from Thabazimbi towards Lephalale and then turn right on the R517 towards Vaalwater.
