

Lunch Cruise

EXPERIENCES

At around midday while most of Victoria Falls is resting, head out for a Lunch Cruise on the perfectly quiet Zambezi River. Sit back and allow our experienced chefs to prepare a three-course meal on board, using only the freshest seasonal ingredients. A selection of Pure Africa wines and drinks are served as an accompaniment.

Watch elephants on the riverbank and get up close to the hippos while enjoying your meal. It's an ideal time to be lulled by the water and exult in the fish eagle's call. You'll be forgiven for thinking you have the place to yourself – as it'll feel that way.
