FLY CAMPING

ACTIVITY FACT SHEET

ACTIVITY FACT SHEET

OVERVIEW

Samara's fly camping activity is an immersive experience encompassing a guided bush walk and sleep-out in one of Africa's most exquisite wildernesses.

HOW IT WORKS

The fly camping adventure begins with a guided bush walk through Big Five territory with an experienced guide and tracker team, awakening guests' "ecological intelligence". Reaching their private mobile camp before dusk, guests will enjoy a campfire dinner before retreating to bed in a simple tent, ears open to the sounds of the wild.
