

# LINYANTI EXPEDITIONS

Linyanti Wildlife Reserve, Botswana

May - October

Linyanti Expeditions is a seasonal expeditions camp situated in a private concession bordering the Chobe National Park. Linyanti Expeditions exudes a bygone era and is ideal for safari goers looking for an authentic African Experience.

With only 6 tents, the camp has an intimate atmosphere, ensuring a personalized service for each guest. The main area has two canvas-covered hubs; a dining area with an exposed kitchen and an open lounge. As with most of our camps, the campfire is at the centre, drawing guests to enjoy the authentic experience of the African bush outside. Each room has en-suite bathrooms with chemical eco-friendly toilets and al fresco bucket showers. The wow factor in the rooms is the 'star suite'. Each tent has a gazebo extension, where beds can be moved at night to give the experience of sleeping beneath a blanket of glimmering stars, immersing yourself in the wonders of the wilderness while still staying in the security of a mesh-enclosed area.

At night, guests are welcomed to the main tented area for a dining extravaganza with an open fire. If guests are looking for a bit of down time, they can relax and enjoy exquisite views overlooking the vast Linyanti Wetlands. The Chobe Enclave offers an abundance of wildlife species including large herds of elephants and buffalo making for exhilarating walking safaris which are the main focus at Linyanti Expeditions.
