

# MARA NYIKA CAMP

NABOISHO CONSERVANCY | MAASAI MARA

**“Nyika” means “Large Plains or Great Plains,” and Mara Nyika Camp is the perfect sister camp to Mara Plains in Kenya.**

It rings with the romance of the vast open plains of East Africa from a time when light canvas flapped in the light breeze across those plains as wildebeest and zebras call to each other and at twilight, “Simba,” the great lion’s roar across the Nyika.

“I spent over three years circling the site of the camp, identifying one site and then another, looking for light or noise pollution and finally settling on an exceptional place,” says Dereck Joubert. “One where each time we visited, we saw a male leopard or a lioness and cubs. A site where no one else will see our lights or canvas. A safari is about creating a story, an ideal dream, and we want to create our own without eroding someone else’s.”

Typical of the Maasai Mara’s ancient Nyika is the flat-topped Acacia kirkii trees. The Dereck Joubert designed guest suites take advantage of these umbrella thorn tree’s shade. While the camp is in a valley, actually straddling a small stream, the suites are set up high under the tree’s canopy to offer guests awe-inspiring views out over the bush.

Many may think of Mara Nyika Camp as a treetop camp, with the suites’ walkways to the main area giving a feel of a treehouse under canvas. However, the camp’s ethic and inspiration are still one of exploration and adventure - a sense of impermanence in this ever-changing world. Privacy in this camp is the key to understanding it. Privacy to live, think, explore, be romantic, and be pampered – all the while with one of the most spectacular backdrops Africa can provide. The camp is a proud Relais & Châteaux member.

Mara Nyika Camp, located in the private and exclusive 20 000-hectare Naboisho Conservancy, is unique because it allows guests to explore the conservancy and further afield with safari drives into the Maasai Mara Reserve. Guest’s stay enables us to support over 500 Maasai families with a sustainable livelihood through the payment of conservation fees, which ultimately ensures the conservation of the wildlife in this vital corridor of the Maasai Mara eco-system.

Many Mara Nyika's guests spend a few days here before extending their safari to either our Mara Expedition or Mara Plains Camps. Combining these camps ensures a more comprehensive wildlife experience as guests explore all three wildlife areas: the private Olare Motorogi and Naboisho Conservancies and Maasai Mara Reserve. Each wildlife experience from our camps is unique and offers different Mara faces, which is an unbelievable bonus.

## ACTIVITIES

### Wildlife viewing

Safari drives (day & night) in some of the most luxurious wildlife viewing vehicles are available.

Each Toyota Land Cruiser is open-sided, canopied, and customised for photographers with fold-down screens, raised roofs, photographic bars, multi-plug invertors, all in keeping with the origins of Dereck & Beverly Joubert as National Geographic photographers. With just four to six guests each, these vehicles also have fridges stocked with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

No two days are the same on safari. Wildlife viewing often starts at sunrise, returning to camp for a late breakfast and departing again in the mid-afternoon after tea before returning just after sunset.

However, we can often go out all day with a packed breakfast, lunch, and beverages should you wish. One visit per guest's 3- or 4-night stay includes heading into the famous Maasai Mara Reserve. Should you want to visit the Mara on more occasions, these would be subject to additional park fees payable. Very often, our safaris will continue into the night, a possibility because of our location on the private Naboisho Conservancy. Night drives are incredibly prolific, and while they take patience, sightings commonly include lesser-known nocturnal mammals and even lion and hyena hunts.

### Hot Air Ballooning

Hot air ballooning is available but should be booked in advance, subject to availability, and additional cost. Departures are very early in the morning to allow time to transfer to the nearest launching point.

### Cultural Experience

The Naboisho Women's Group cultural experience is supported by the Great Plains Foundation, enabling the group to purchase raw materials in bulk including a tailor hired to work on leather products. Available to guests staying at Great Plains Conservation camps all profits from the sale of their wares are ploughed back into the women's business training to ensure this group is self-sustainable. Items available for purchase include, but are not limited to, beaded & leather products, coasters, bracelets, necklaces, belts, dog collars, earrings, and decorated dawa sticks for example.

### Photography

Each of Mara Nyika's guest suites comes with a pair of high-quality binoculars for guests to enjoy in addition to a professional camera set, including a camera body and 100-400mm and 24-70mm lenses. Our team will download all the guest's photos to a memory stick on the guest's departure.

## FOUNDATION INITIATIVE

### Naboisho Womens Group

Great Plains supports the Naboisho Women's Bead

Group, based in the community of Nkoilale not far from Mara Nyika. Great Plains' support for the project helps the group to bulk purchase beads and other raw materials for their products and provides training, sales & marketing support. The project enables women in the local community to bolster household income, in turn supporting food security, education, health and more for their families. The project directly impacts the 105 households of the women in the group which means that nearly 1000 people are directly impacted by the money the program generates.

In addition to our own programs Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travelers or we can help purchase them locally. To learn more or to help support students and educators as part of your trip please reach out [info@greatplainsfoundation.com](mailto:info@greatplainsfoundation.com)
