IGANYANA COLLECTION - ABOUT THE CAMPS

“Authentic Africa in simple luxury, a personalized stay”

Offering 48 beds Iganyana has a comprehensive inventory; a large camp made intimate and special by the informal set-up and professional team who lend personality and quality to every experience.

There are three tented experiences to enjoy at Iganyana with the main camp being the original Iganyana Tented Camp. Built in 2018 Iganyana offers 15 en-suite safari tents. In 2021 Iganyana Wild was added at the end of Iganyana’s East wing and can operate as an extension of Iganyana or as an exclusive pod for private stay. The newest addition, Villa Iganyana, nestles at the end of Iganyana’s West wing and can function as a VIP extension of Iganyana or as an independent, luxury Villa. Each facility is described in detail below.

Iganyana Tented Camp - Original

Walking into Iganyana Tented Camp is a warm welcome home. Subtle comforts, purposeful informality and hand-picked hosts make your experience congenial, comforting and easy-going. The luxury is in simplicity. It is in personalized service and in a camp designed to enhance and heighten your sense of the exquisite natural surrounds.

“Like a priceless piece of art, the treasure is the wild. We are but here to frame it and to be drawn into its magic together with you.”

Where else might be able to curl up on a sofa with a book and beer or a piping cup of coffee and just be YOU – a part of this beautiful picture, at one with Africa?

Bordering the famous Hwange National Park, the Camp offers 15 simply furnished, spacious en-suite tented rooms. Each tent enjoys an African view over an ancient riverbed, now called the Dete Vlei. The tents, connected by a latticing of natural, red gravel pathways on level ground, are positioned to form an attractive arc around an open-plan, decked main area that also features pool deck, a pizza oven and rustic fire Boma. Wildlife walks freely at Iganyana and guests can look forward to great game viewing opportunity both in and out of camp. No trees were cut out during the building of Iganyana and the tented rooms are built in and around ancient elephant pathways that are still in use today. The guest tents are light and spacious, with 640 square ft. to make yourself at home and retreat to privacy in comfort. All rooms accommodate king or twin bed configuration and are able to fit 2 additional single beds per unit for families with small children. En-suite bathrooms feature hot water showers, toilet and his/hers vanities. There is a separate dressing area and a mini-lounge. Glass sliding doors lead from the bedroom onto a private veranda. Access to Iganyana by road is conveniently only a 2-hour drive or 30-minute flight from Victoria Falls, or a 3-hour drive from Bulawayo and only 5 minutes' drive from Hwange Main Airport.

It’s pure therapy to immerse in nature, and we’ve made it easy for you to get to this wild retreat. Guests only need take a 20-minute flight from Victoria Falls to Hwange Main Airport and a 5-minute transfer to camp, or a 2-hour drive (total journey into camp) on good road from the World Wonder.

Transfers can be arranged from Victoria Falls or Bulawayo and shuttles are readily available from camp to pick-up points around Iganyana including Hwange Main Camp, Hwange Airport and Painted Dog Center.

Iganyana Wild

Iganyana Wild was the first addition made to the original Iganyana Tented Camp. It offers 6 new tents at the end of the East wing and it acts as a seamless extension of Iganyana for bigger groups and equally as a tented pod for exclusive groups of up to 8 adults. Each tent can convert to a family configuration and can accommodate an additional 2 single beds for small children. Maximum number of children for this camp is 6.

Nestled in the part of the camp where the sun rises it is secluded in a teak forest for total privacy and independence on safari. The tented rooms are designed to mimic those in the original camp but with subtle safari-ranch style décor as a throw-back to original explorer days on horseback.

An arty steel and canvas design is a fresh take on safari and the main area is further distinguished by the triple-tier living area that has been carefully constructed around the natural tree-line without disturbing it. The trees actually feature inside the main area so as to incorporate the outside inside, blending Iganyana Wild with nature.

The lower deck features a simple lounge, dining area, bar, fire boma, kitchen and study. A middle-tier reading deck lends segregated seating for pockets of privacy to unwind and watch the wild, and the tree-top deck is perfect for sunrise view over Dete Vlei, an all-safari sundowner or a night beneath the stars.

Iganyana Wild is offered as a fully catered camp but may also be privately hired for self-catered groups where guests prefer to bring their own Chef and / or supplies. Self-catered is not intended as a value alternative, but rather to afford the luxury of utter privacy and independence without any outside intrusion.

This camp is suited to small groups and can accommodate families with older children (12+ years). Exceptions are possible by prior arrangement and may require additional services for Iganyana Wild to accommodate younger children safely and comfortably.

Iganyana Wild is also home to our Travel Partner, Ride Zimbabwe. Their horses are stabled behind camp and are available for professional horseback safaris in Hwange! This is a prestigious sport worldwide and is no exception here in Hwange for professional horseback safaris. These are available on request to accomplished riders and must be pre-booked. The horses are a part of our anti-poaching strategy in Hwange too and are very much a part of our Iganyana family.

At Iganyana Wild you are in great hands! As with Iganyana Tented Camp, guests are hosted by an armed guide to ensure safety on safari. Walking to and from tents is escorted from sunset to sunrise.

Guest may book Iganyana Wild exclusively for a minimum 6 pax.

Villa Iganyana

Villa Iganyana is the latest addition to the Iganyana portfolio.

Whereas Iganyana Wild is at the end of the East wing, Villa Iganyana is positioned in a Teak Forest at the end of the West Wing. It offers tranquil vistas over Dete Vlei and into what we affectionately call 'Spooky Forest' - a beautiful Acacia grove where Impala and Wildebeest mill about with their babies, baboons play and antic, and buffalo routinely sweep through at sunset - at times with lion in pursuit. It is an ethereal setting guaranteed to surprise and delight.

Villa Iganyana was built to offer private travel groups the ultimate in tranquil retreat and total privacy on safari. Book lovers, writers, painters and dreamers, exclusive clubs and solace-seekers – this is the place for you. It is all about escape from the crowd, independence and glorious exclusivity.

The Villa comprises 4 full furnished tented bed rooms, each with en-suite bathroom. Two Master are en-suite including glassed showers with privileged view to the Vlei, bath and vanity unit. The two twin / double rooms are also en-suite with showers, toilet and vanity unit.

The entire Villa is designed to fit in with the safari tented theme of the entire camp. It has a sliding door façade for translucency, ample light and best view of the wild even from your bed. Inside there are luxury comforts including pillowy-soft beds and linens, comfortable rooms, fully-featured kitchenette and scullery, cozy lounge, dinette area, leisure deck and plunge pool (pool to be completed May 2022) and fire-boma. A tree-top walk just lends that extra sense of luxury, allowing guests a short walk through the branches to a private viewing deck with an all-African view.

In keeping with the rest of the camp Villa Iganyana is powered by solar units and is built so as not to imprint on the natural bush surrounds. It mimics the arty canvas and steel structures at Iganyana Wild but adds the glass element for inside / outside feel. No trees have been cut out in any part of the camp and the natural placement of the trees feature throughout the Villa too.

Villa Iganyana is offered as a fully catered accommodation and is attended by a private chef, room hand, laundry team waiter.

This is an exclusive, luxury, authentic safari stay.

Guests may book the Villa exclusively for a minimum 6 pax.

GOOD TO KNOW

Location – Where in the world is Iganyana?

Iganyana enjoys prize location on the famed Dete Vlei, a long-dry and fossilized river bed that acts as a natural walkway and corridor for wildlife in and out of Hwange National Park. We are 10 minutes from Hwange Main Camp park entrance, 10 minutes from Hwange Main Airport and 5 minutes from Painted Dog Center.

Access

Vehicle Transfer transfers are easy from Victoria Falls (2 hour drive into camp) or Bulawayo (3 hour drive into camp). Iganyana Tented Camp is able to book vehicle transfers in-house. Charter flights can be arranged from Victoria Falls / Harare / Bulawayo to Hwange Main Airport. HMA is a 1-minute cruiser transfer to Iganyana and there is no charge for this service.

Children on Safari

Children of all ages are welcome at Iganyana Tented Camp. We do request that parents and / or guardians take responsibility for ensuring that the sanctuary of the natural surrounds and safety of their children are observed. In order to be safe in camp and in order that the family is able to enjoy the wonders of the wild, children need to be able to adhere to safety instructions readily.

Family Tents

Max 2 children per tent

Activities for Children

Children under the age of 12 years are permitted to join game drives / bush walks at the sole discretion of the Camp Manager or Guide on duty. Children under 6 years of age are not permitted to join scheduled game drives unless by mutual consent from guests on that vehicle. Children under the age of 16 are not permitted on safari walks where the walk is arranged for an adult group. Child-friendly walks and field study can be arranged on request and subject to availability.

Money Matters - Payment for Incidentals

Please note that there are credit card facilities in camp, however due to inconsistent network in Zimbabwe it is strongly advisable to carry cash for incidentals.

Camp Life

Tranquil – natural surrounds, flat walkway, relaxed atmosphere, simple luxury

Typical Wildlife

On concession you'll see baboon, impala, Zebra, wildebeest, sable, kudu, Tsetsebe, buffalo, giraffe and prolific bird life daily. Elephant frequent the camp and drink from the waterhole and the pool. Buffalo move through routinely and as a consequence we hear/see lion often.
