The Costa Rican Gastronomic ROUTE OF THE CHEF

After living 4 years and enjoying this paradisiacal country, and after more than 20 years of career I have been able to realize that the best foods are always found in markets, squares and in street experiences. That is why I have wanted to bring you this encounter of an authentic culinary experience to your table, so that you can live, feel, and enjoy Costa Rica in the eyes and interpretation of a Chef. I have included dishes that have left an impression on me, showcasing the history, knowledge and respecting the ideology and idiosyncrasy that always accompanies me. To deliver an honest cuisine, with real flavors and that will create awareness and memories. I will try to take you from north to south and from east to west of this little Central American gem. A multicultural country, where the `Pura Vida` is lived day by day!
