Welcome to our home

South Luangwa has been our home for more than 20 years and we have a deep and abiding love for the Luangwa Valley.

Most of our staff has been with us from the very beginning. The Kafunta team has become a family and that is how we achieve such a personal and welcoming atmosphere.

We take great pride in sharing this incredibly rich wildlife sanctuary with our guests and ensuring they have the best safari possible. South Luangwa is truly one of the great remaining unspoiled regions of Africa.

We have three amazing properties:

KAFUNTA RIVER LODGE

Set on the Luangwa floodplains and overlooking the South Luangwa National Park, providing a classic safari experience.

ISLAND BUSH CAMP

In the remote heart of the park, offering an authentic African bush experience with a focus on walking safaris.

THREE RIVERS CAMP

Located at the confluence of the Luangwa, Kapamba and Lusangazi Rivers, featuring spacious sophisticated safari tents with private star beds.

We believe it is the personal touch that sets us apart and the warm and welcoming environment where guests arrive as strangers and leave as friends.

Together with our team, we look forward to designing and hosting your South Luangwa safari.

Warmest regards,

Ron and Anke Cowan
