

OLDUVAI NDOGO

Opened at the end of the year 2018, Olduvai Ndogo consists of 8 tents harmoniously arranged on the foothill of a kopje. Each tent offers a breathtaking view on the Serengeti plains.

This very familiar and intimate camp is accessible by a very nice walk of about one kilometer from the main camp.

You will be accompanied by Maasai with their donkeys, and discover the nearby Maasai villages.

All tents are en suite, spacious, comfy and tastefully decorated.

Guests also love sitting and chatting in our main areas (Bar, lounge & dining tent)

Being in the heart of the Ngorongoro Conservation Area, we are 100% eco-oriented and have built a close partnership with the Masai community over the years.
