

# Groups and Conferences

A Better Business Decision

Strategic business meetings and small corporate group getaways are usually far more productive out in nature than in the city.

Fewer interruptions, less distractions and an inspiring natural environment are conducive to clear and more creative thinking, greater motivation, and a stronger team spirit. It stands to reason that more effective strategic discussion will lend itself to a higher rate of success. We have a fully-equipped conference facility with four breakaway rooms which can accommodate up to 32 people in a number of different seating configurations. We provide simple audio visual equipment, but can outsource more sophisticated gear if the need dictates. WiFi is available for uninterrupted online connectivity.

We will work with you to design an itinerary around the specific deliverables of your corporate getaway.
