

# KENYA'S TOP DIVE DESTINATION

DIVING IS OUR RELIGION

## WHY DIANI BEACH IS GREAT FOR DIVING

Although Kenya is renowned for incredible safari wildlife, it's reefs are considered some of the richest in the world.

With an abundance of excellent dive sites, undamaged coral reefs and a plethora of marine life - from giant to macro - there really is something for all divers, old and new.

## MUST DO EXPERIENCES

**Turtles** Hawksbill and green sea turtles are regularly seen while diving, and we are fortunate to have such a healthy population so close to us.

**MV Funguo Wreck** One of Kenya's top dive sites with an incredible amount of marine life.

**Whalesharks** The gentle giants of the ocean can be spotted in the waters off the coast of Diani Beach between November and March.

## NEW TO DIVING?

Taking your first breath underwater is easier than you think - it can lead you to a lifetime of extraordinary underwater adventures, and also open fantastic travel possibilities.

Diving the Crab offers a range of courses for beginners, combining theory, practical skills and ocean dives. Your instructor will guide you from start to finish, helping to get you comfortable underwater and having fun in no time!

## DIVE COURSES FOR BEGINNERS

**Discover Scuba Diving** max. 12m Your first experience - a bit of theory, a few skills in the pool - and diving with a professional.

**Scuba Diver** max. 12m If you cannot do the full course... You'll be certified to dive under the supervision of a professional!

**Open Water Diver** max. 18m The classic scuba diving certification. Learn all the skills to become an independent diver, and be able to dive the world over.

PADI instructor Leonard teaching in the pool

## DIVING FOR KIDS

**Water, fun and adventure are ingredients for a happy family holiday and at Diving the Crab the kids can enjoy a range of experiences when learning to scuba dive!**

**A FULL RANGE OF COURSES FOR THE WHOLE FAMILY**

### **Bubbmaker** 8-9 year

Get underwater and experience what it feels like to be scuba diving like a pro. Up to 2 meters!

### **PADI Seal Team** 8+ year

Go on exciting Aqua Missions and learn more about diving - play games and have a lot of fun! Up to 5 meters!

### **Discover Scuba Diving** 10+ year

Learn the basics and dive on amazing reefs on-location - with a professional. Up to 12 meters!

### **Junior Open Water** 10+ year

Almost the same as the grown-up course (but more cool!) A certification that give the skills and knowledge required to be a scuba diver. Up to 12 meters!

### **Junior Advanced Open Water** 12+ year

An awesome learning experience! Deep, Navigation, and three more Adventure Dives: Night? Wreck? Drift? Fish ID? ...? What will you choose? Up to 18 meters!

## BECOME A BETTER DIVER

**Certified Divers have the opportunity to further their diving skills and knowledge, with courses aimed to teach various diving techniques.**

### **Advanced Open Water Diver**

Deep, Navigation, and three more Adventure Dives: Night? Wreck? Drift? Fish ID? ...? What will you choose? Up to 30 meters!

### **Enriched Air Diver**

PADI's most popular specialty course. Enriched Air (NITROX) makes diving safer and will extend your non-deco bottom time - especially useful when making repetitive dives.

### **Underwater Photographer**

Learn how to take beautiful photos while scuba diving - improve your skills as a photographer!

### **Underwater Videographer**

Get the techniques on how to film videos underwater - make exciting movies of your diving adventures!

**REFINE YOUR DIVING SKILLS AND REACH NEW DEPTHS**

## FOR CERTIFIED DIVERS

With over 30 dive sites, we offer Half-Day 2 Tank Boat Trips - Night Dives in Chale Island  
Full Day Trips - Diving & Snorkeling Mixed Trips - Private Trips - Private Guides & more  
to make you discover the wonders of Kenya's South Coast.  
**Going on a trip with Diving the Crab - an unforgettable experience!**

## MARINE EDUCATION CENTER

Diani Beach is a crucial hot-spot for turtles on the south Kenyan coast and we are pleased to be helping in the conservation of these incredible creatures. The marine center provides the perfect location for our work with tourists and the local community to help educate and protect this incredible marine environment and the amazing diversity that is found here.
