

DREAM WEDDING AT THE SANDS AT CHALE ISLAND

One could not have a more romantic setting for a perfect wedding than a tropical island.

Sunshine, sandy white beach, crystal clear water.....
a wedding location in the tropics is unusual and exotic.

With the setting sun casting a warm glow over the wide, blue Indian Ocean couples from all over the world come to exchange their vows in this unique place.

The Sands at Chale is the perfect romantic getaway in Kenya to celebrate your special occasion.

BEACH WEDDING

If you are planning a beach wedding, then you have landed at the right place!

If barefoot and on the beach is how you have always dreamt of getting married, look no further!

Invite family and friends or just slip away as a new couple.

A beach wedding is definitely "relaxed", where you can have both your ceremony and reception on the beach.

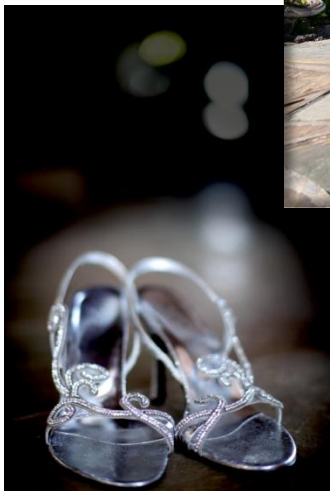

No more romantic setting can be chosen than this tropical paradise to make your wedding day unforgettable for the rest of your life.

SUITE ON THE ROCK WEDDING

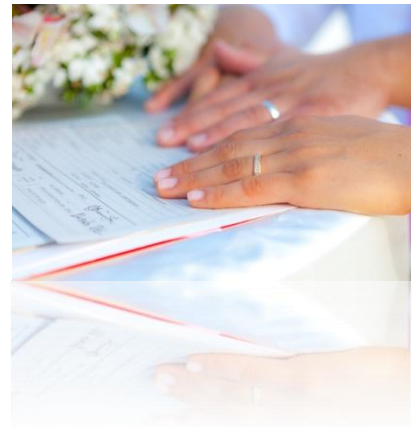

Not only a honeymooners dream, everyone's dream!

Situated on a separate island connected to the main island of Chale, the Suite on the Rocks is the dream location for your private wedding. With a breath taking view of the ocean, a flower decorated suite close-by and a tropical off sea breeze gently blowing; the front veranda is the ideal spot for your ceremony. The reception will be held direct on this unique wedding rock. And a private Jacuzzi on the cliff face and a sunbathing deck will make your honeymoon the most remarkable memory ever.
