

## ETOSHA OBERLAND LODGE • FACTSHEET 2023 / 2024

### Lodge

Etosha Oberland Lodge, 10 kilometers southeast of Anderson Gate, is located in a 5500-hectare private game reserve that shares a 10-kilometer border with the famous Etosha National Park.

The lodge's hallmarks are luxury and plenty of privacy. This remarkable place is superbly suited for safari excursions into Etosha.

The main building is surrounded by large, ancient mopane trees in a wild, but park-like setting. The large infinity pool also offers fantastic views of the open plain in front of the lodge and the two waterholes. Meals are served in the spacious restaurant with inside and outside seating, with a view to the waterholes. Etosha Oberlands spacious suites are lovingly integrated into nature. All suites are positioned apart from each other, hardly perceived by their neighbors and promise much privacy.
