JANSSENS FAMILY & THE MACHWEO TEAM

INDULGING COMFORT

Our beautiful main building houses 3 double honeymoon suites with luxury bathroom each with bathtub and walk-in shower. On the lush estate, 6 private cottage suites with en-suite bathroom are ideally positioned for maximum privacy, featuring a separate sitting and living area. All 9 rooms are exquisitely furnished with double king size four-poster beds, a flat-screen satellite TV, a minibar, a safe for your valuables, complementary WIFI and have a balcony with breathtaking views for private outside dining. Their sand colored walls and floors combine perfectly with the wooden tailor-made furniture and some subtle African artifacts creating an eclectic and unique 'African Chic'.

AWE-INSPIRING FOOD

Our Chef, Axel, studied at one of the most prestigious schools in Europe and perfected his culinary art in several Michelin Star restaurants. By absorbing local influences he has created his own highly appreciated cuisine: a fusion of exquisite European and African delights based on seasonal specialties. From breakfast with warm, oven crisp breads and freshly squeezed juices, to lunch with carefully selected brasserie dishes to the culinary feast for your taste buds at dinner: a five course gourmet experience accompanied by the finest wines from our climate-controlled cellars, all of which you can enjoy on the magnificent, spacious patio restaurant or in our intimate inside dining areas. Only working with the best products, the freshest ingredients and with tons of inspiration and creativity, we will make every bite and every sip an unforgettable experience for your senses.

REVITALIZING BODY & SOUL

Relax in a Zen atmosphere, dream away while inhaling the fresh Mount Meru air and achieve total bliss. Get ready for some serious pampering. At [Machweo](#) we offer a wide variety of cosmetic, relaxing and stimulating treatments for body and soul: divine Swedish or deep tissue massages, revitalizing steam baths, invigorating sauna experiences, energizing splashes in the pool and soothing avocado oil Jacuzzi sessions. Enjoy this abundance of wellness as well as a range of manicure and pedicure treatments in one of the restful Bandas, around one of the sun-flooded swimming pools or in the private comfort of your room, but please be advised that advance booking is highly recommended.

AMAZING SURROUNDINGS

Our splendid terrace overlooking the Maasai steppe, the sun-flooded pool and the private entertainment lounge & bar are probably the most relaxing places in town. And our lush gardens buzzing with life and vibrating with colours are the ideal getaway for some quiet contemplation. But our hip hide-away is situated right outside of Arusha and is therefore the ideal location to explore the city and its surroundings. A day safari to one of the neighbouring national parks, a visit to a coffee plantation, a stroll through the vibrant Arusha market or a hike in the area of the nearby Mount Meru are just a few of the options. You can count on our extensive local knowledge to provide you with a once in a lifetime experience.

SHARE

In Africa not everybody gets the opportunities and chances we have come to have. Therefore the **Janssens family** has always tried to do something for the local community. We especially believe in supporting development through education. Please feel free to ask how you can help or visit the Baraa Primary School project, offering free education for over 1500 children which we support in collaboration with the iThemba Foundation.

Since the beginning we have aimed for a unique boutique feel, outstanding cuisine and overall excellence at Machweo, which is why we offer our own staff a thorough in-house training in collaboration with local NGOs. Thanks to this approach, we have been fortunate to get international acclaim and rave reviews. We couldn't do this without our exceptional staff. So, we are truly happy and proud to share this with each and every one of them.
