The outdoor floodlit swimming pool with lawn bar is the perfect place to wind down in style. And for those who find this even too much activity we have a Jacuzzi and massage area where you can dream away. The manicured tropical gardens, lounge, terrace and cocktail bar in the main house complete this picture perfect and serene atmosphere. We will do everything possible to make your stay the energizing beginning of your Kilimanjaro adventure, a welcome peaceful pause from a safari or the soothing final chapter of your stay in wonderful Tanzania.

## DISCOVER

**Onsea House** is perched on a hill providing unparalleled panoramic views across the Maasai steppe and the unrivalled spectacle of Mt. Meru. Meandering across these slopes you will find many beautiful hillside walking trails. And yet, Onsea House is only a short drive away from Arusha town centre and a mere 30 minutes from Kilimanjaro International Airport. But it is this secluded and idyllic setting that makes it the perfect place for spectacular sundowners or some contemplating amidst the cheerful chirping of exotic birds. To balance this, we are happy to share our in-depth local knowledge and years of organizing further exploration of the surroundings. It would be our pleasure to provide you with an unforgettable experience.

# SHARE

In Africa not everybody gets the opportunities and chances we have come to have. Therefore the **Janssens-Onsea family** has always tried to do something for the local community. We especially believe in supporting development through education. Please feel free to ask how you can help or visit the Baraa Primary School project, offering free education for over 1500 children which we support in collaboration with the iThemba Foundation.

Since the beginning we have aimed to provide a unique boutique feel, outstanding cuisine and overall excellence at Onsea House, which is why we offer our staff thorough in-house training in collaboration with local NGOs. Thanks to this approach, we have been fortunate to get international acclaim and rave reviews. We couldn't do this without our exceptional staff. So, we are truly happy and proud to share this with each and every one of them.
