AUTHENTIC ZANZIBAR

## Zanzibar Palace Hotel and Stone Town

Zanzibar Palace Hotel is an exclusive boutique hotel, with a unique style and strong focus on high quality service and modern comfort.

The hotel is located right in the heart of Stone Town, yet we're reachable by car.

From here, everything in Stone Town is within walking distance.

For destinations outside town, taxis are available, or we can arrange a private driver.

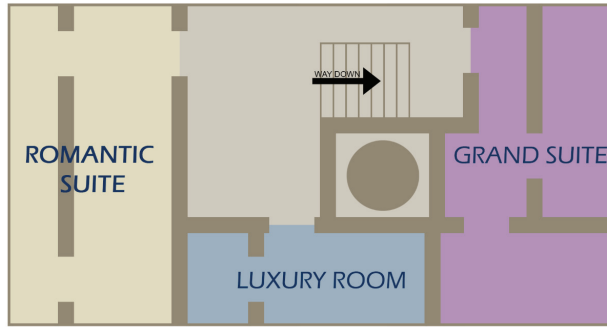

This is an ideal base to explore and experience all the beauties of this magical town and Island.

Situated in a historical building, its first record dates to 1904, built by a Bohora merchant named Hassanali Mulla Abdulali Waliji.

Independently owned and managed, it has three rooms on each of the three floors, all different from each other, all with strong influence from the Zanzibar's rich history, echoed into their mix of Arabian, Indian and English design.
