

TANGANYIKA EXPEDITIONS

## NIGHT GAME DRIVE – TARANGIRE NP

This unique experience is normally not possible within National Park boundaries but we are happy to announce that we now have a special permit from TANAPA to conduct this.

According to park rules, safari vehicles must be back to camps by dusk, at about 6 PM, but some animal behaviors can only be observed once animals get moving in the dark. Hence, the high interest for this type of activity.

Programme :

Have an early meal at camp and then depart from Maweninga camp in your 4 x 4. On top of our regular driver-guide, another guide sits in the front with a spot-light in his hands, searching the bush for interesting sights.

Hippos can then be seen walking out of their ponds looking for fresh grass, predators getting ready for their night hunts or purely nocturnal animals such as pourcupines...

Night game drives are shorter than day safaris and usually last about 1h30 / 2h00.
