## Knysna Elephant Park

The Knysna Elephant Park (est. 1994) was the first facility in South Africa to house and care for orphaned African elephants. Over the last twenty years, the park has cared for and raised more than forty elephants. These animals include relocated animals, orphaned calves, elephants rescued from culls and ex-circus animals. Some have become part of the resident herd, others have moved onto other reserves and facilities in the Western and Eastern Cape, depending on their personalities, bonds with other animals and welfare needs. The present KEP herd numbers ten – the largest domesticated matriarchal herd in the country. Our style of management offers guests the opportunity to get up close and personal with our elephants, on elephant terms. Responsible and educational interactions allow guests to appreciate the awe-inspiring presence of these animals, but still give the elephants the space and freedom to choose where they want to move, what they want to eat and who they want to interact with. There are no fences to spoil the close encounter and our environment encourages elephants to exhibit natural behaviours.

## Hiking - Giant Kingfisher Trail

The popular Giant Kingfisher Trail leads to a stunning little waterfall that is fabulous for a swim and picnic. A little effort is required at the start but the going gets easier on this well-maintained SANParks trail that features an extensive boardwalk. At strategic places along the route built-in benches have been provided so there are opportunities for hikers to stop and rest or to quietly absorb and enjoy the sights and sounds around them. As you approach the waterfall the boardwalk starts to climb quite steeply and then you descend quickly onto a rocky area through which waterfalls gush and some sizable pools form that are ideal for swimming. Don't be misled by the dark colour of it. There is nothing wrong – it is merely coloured by the forest and fynbos vegetation through which it passes.

# EXPLORE

## Swartberg Scenic Tour - 4 Passes

A full day tour, starting with a drive over the Outeniqua Mountains. We then travel through Outshoorn and our guide will point out points of interest, discussing the local fauna and flora. At the bottom of the Swartberg pass, enjoy a leg stretch whilst discussing the design and building of the pass. A delicious picnic lunch in the mountain is followed by a trip to the historic town of Prince Albert and a return travel through the breath-taking Meiringspoort with a stop at the waterfall.
