Hiking - Giant Kingfisher Trail

The popular Giant Kingfisher Trail leads to a stunning little waterfall that is fabulous for a swim and picnic. A little effort is required at the start but the going gets easier on this well-maintained SANParks trail that features an extensive boardwalk. At strategic places along the route built-in benches have been provided so there are opportunities for hikers to stop and rest or to quietly absorb and enjoy the sights and sounds around them. As you approach the waterfall the boardwalk starts to climb quite steeply and then you descend quickly onto a rocky area through which waterfalls gush and some sizable pools form that are ideal for swimming. Don't be misled by the dark colour of it. There is nothing wrong – it is merely coloured by the forest and fynbos vegetation through which it passes.

Hot Air Balloon Experience

Be picked up or self-drive to the venue as advised for our flight departure. This is mainly an early morning activity, typically at sun rise. On arrival enjoy a warm cup of coffee or tea with rusks and biscuits. Receive a safety briefing and be introduced to your pilot. Witness the inflation of the balloon. When ready board the balloon, and enjoy a memorable flight of approximate 45 minutes to 1 hour. On landing we will be met by our ground crew, your pilot will share a glass of bubbly with you in a Sparkling wine celebration, orange juice for those who wish to have something other than alcohol. All this while the crew packs away the balloon. We travel back to our launch site where we enjoy a breakfast. Certificates are then handed out. After all this, there are options to combine your early morning magical balloon flight with activities such as a game drive, or continue day touring.

Whale Watching - Knysna

Boat-based whale watching in Knysna, on the garden route of South Africa Ocean Odyssey offers unforgettable marine adventures. Our close encounter, boat-based whale watching tours and marine eco-tours are perfect activities to add to any itinerary in Knysna. We offer three daily departures and a fleet of ocean going vessels. This is the ideal experience for local visitors and international tourists. Let's get up close and personal with these majestic giants that inhabit our vast and pristine Indian Ocean. These migratory mammals, Southern Right and Humpback whales, grace us with their presence from June to November annually showing off their acrobatic skills while nurturing their young. Approaching a whale requires incredible skill and understanding of the behavior of these wild creatures. Our skippers are well aware of the strict guidelines set in place by the permit and respect that they are in the whale's domain.
