

BOTSWANA

A NICHE CARVED FROM ETERNITY

# SHINDE FOOTSTEPS

Shinde Footsteps was rebuilt and rebranded at the end of 2022, opening officially in May 2023. Nestled on the northern edge of the Okavango Delta in the Shinde Private Concession, this charming and timeless camp grants guests the opportunity to immerse themselves in nature.

The camp retains its delicate footprint and endearing character while offering a discerning safari experience. Days are spent exploring the wilderness areas, while evenings are wound away around the fire, down on the Kalahari sand.
