

Kantabile Afrika is a collection of boutique safari camps in Tanzania, handcrafted by the proprietors, run by the proprietors. The camps are conceptualized out of a passion for genuine hospitality and meticulous design, based on the belief that safari-goers can immerse themselves in nature without compromising comfort.

Located in a secluded region near the heart of Serengeti National Park, where wildebeest herds pass through seasonally, Cherero Camp offers you sweeping, panoramic views of swaying grasslands from the privacy of your spacious tent.

Gaze at the dazzling blanket of stars above. Rest blissfully in sumptuous bedding, while the symphony of the nocturnal savannah serenades you to sleep.
