Adrian Allen was born and brought up in Kenya, and passed his childhood roaming, exploring and fishing. He has spent the last few years in our Serian and Ngare Serian camps, and being on site in the stunning Mara has been the perfect spot for nurturing his true passion: guiding. Living the bush life has kindled his deep understanding and appreciation of this world-class wildlife zone, and there is no one better to show you round.

## DAY 1 • 2 • 3

Welcome to Adrian's home – Ngare Serian is cosy, relaxed and the perfect base to start your safari: set along a riverbank teeming with laughing languorous hippo, the game is never far away. Adrian will show you his favourite spots and get you up close and personal with the wildlife, all the while unveiling the dynamics of the flora and fauna, and the way it all ties together to create the rich tapestry of the Mara.

Explore in one of our safari vehicles, or take a walk on the wild side and head out on foot – both will bring different levels and layers to your experience... And top it off with a nocturnal adventure: take a bush dinner and red-filter spotlights and discover what the wilderness has to offer by way of nightlife.

## DAY 4

Set in our own conservation area that no one has access to but us, we have built a little tree house above a lively salt lick on the Mara River. A fantastic position to perch and watch the world go by, by night nothing but branches between you and the stars. Walking this wild space, you will feel the opening of your senses, sharpening in response to the immediacy of the wilderness: vision, sound, smell all respond to the challenge of perceiving and reading the primordial signals of the bush. Adrian, in company of local Masai guides, will teach you to see the landscape through their eyes, and immeasurably enhance the richness of the way you experience it. Enjoy the active participation of engaging with your surrounds, and cultivate a fuller appreciation of the myriad intricacies that make up the magic of the bush.

*Dear Serian, thank you for a most extraordinary, gentle, but powerful introduction to the wild world of the African savannah which is glorious and so much more peaceful than the urban life!*

## DAY 5 • 6 • 7 • 8

Take your exploration further down the Mara River to Nkorombo. Nestled among a stand of wild olive and orange croton, this cosy little camp is right next to a lively salt lick that regularly features black rhino, and lion and leopard on the lookout for kill.

There is an abundance of prey in this area, and it's the perfect spot for spectacular game viewing – and from June to November, is a front-row seat for watching the wildebeest and zebra as they make their crossings of the Mara river mere metres away.
