*Feel the power of the Falls as you soar above the thundering water of the mighty Zambezi...*

Our exhilarating Microlight flights offer breathtakingly beautiful views of the Victoria Falls and the spectacular gorge that the Zambezi River has carved into the surrounding landscape over many thousands of years. This is an experience not to be missed... you may even feel like you have been kissed by an angel as you fly through the 'smoke' of the Falls.

We offer short Microlight flights of approximately 15-minutes, which fly over the Zambezi River and circle the Victoria Falls, as well as a longer 30-minute flight which adds a low-level swoop over the Mosi-oa-Tunya National Park to spot river wildlife and larger birds.

Short Scenic Microlight Flight • Long Scenic Microlight Flight
