Wild Horizons Dinner Cruises - Malachite

Modus Operandi

Highlights & General Information:

As the sun begins its descent, step on board our floating restaurant for an exceptional evening on the Zambezi River. Like the exquisite bird after which it was named "Malachite" is one of the Zambezi River's crowning gems. Powered by two 60HP four stroke marine motors, this beautifully crafted double deck vessel silently slices across the surface of the river.

On the upper deck, guests are offered a glass of sparkling wine to sip as they settle into the plush cushioned furniture and relax before the journey along the Zambezi River begins; all the while looking out for the various birdlife and animals there are to be seen and then watching as one of Africa's famous sunsets erupts in the sky. A barman and three intuitive waiters anticipate guests' needs, serving a selection of lively cocktails and imported premium spirits throughout their journey.

After the sun has sunk below the river line, dinner is served on the lower deck of the vessel exemplifying the hallmarks of exquisite cuisine prepared on board by two Chefs. The rich aroma of locally sourced, fresh ingredients wafts around diners as the dishes are plated.

Time seems to stand still as the boat gently glides along to the sound of water lapping up against her sides. Far removed from the glare of city lights and noise, the moon and stars shine brightly in the sky–and an atmosphere of mystery and romance envelopes the evening's experience.

A captain completes the crew and their combined experience promises an insightful and memorable evening.

Departures:
Daily, subject to availability

Minimum / Maximum participants
Minimum: 2
Maximum: 32

Times:

Winter (May – August)
Transfer collection times: 16:30
Depart from jetty: 17:00
