

THE DIAMOND WORKS SPARKLING SURPRISE

Mark a moment with a lasting gift and signature experience with The Diamond Works Sparkling Surprise.

South Africa is recognised as producing the highest quality white diamonds in the world and one of the special guests hosted at your bespoke event will take home a diamond, as a lasting memory of their exclusive event experience.

Enjoy a celebratory glass of South African sparkling wine to toast the occasion, each guests' fluted glass will hold a sparkling stone but only one of these glasses will hold an actual diamond, the rest a cubic zirconia.

The opportunity to win an unexpected diamond while sipping on bubbly creates much excitement and is the ideal experience activity to start any bespoke event.

A diamond expert from The Diamond Works is available to test each guests' stone as they finish their glass of bubbly, creating much hype around which guest may be receiving the real diamond.

This signature experience remains the intellectual property of Jewelvest – The Diamond Works.
