### INCLUSIVE

Morning & afternoon game drives

Guided safari walks

Photographic session in hide

## Seasons

Winter has lower rainfall with cool nights with mild pleasant days. The animals tend to congregate around waterholes and the drier grass enables for good viewings of sightings.

Summer is the time of plenty with dramatic thunderstorms and baby animals. Migrant birds visit and the vegetation is lush and green.

There really is a reason for every season!

### AVERAGE TEMPERATURE °C

Summer	November - March	25 - 35°C
Autumn	April - May	15 - 30°C
Winter	June to August	8 - 25°C
Spring	September - October	10 - 30°C

*Imagine a  
place  
where time  
stands still*
